

## KIDNEY INTERCHANGE ACTIVITY TABLE

**Model# 04130**

The Interchange Activity Tables have a rejuvenated look with our new planner ellipse leg sets

### Material

The work surface consists of a 45 lb density particle board core with a 0.030" high pressure laminated surface and a 0.020" backer sheet. The edge of the work surface features T-mold that is stapled to the underside of the work surface every 6" - 8". Frame consists of two fully welded segments. Ellipse shaped tubes measure 1.5" x 2.5". 16-gage leg inserts and leg stems are welded to 14 gage plates. The pre-drilled top is standard at 1-1/4" thick and available in 3/4" thick option. Laminate and T-mold color and style options are listed below. Top is predrilled to attach legs using included fasteners. Legs include a 1" adjustable leveling glide with a locking stop to provide stability on uneven floors.

### Box Dimensions
