Customer Service, Ordering, Terms and Freight

PURCHASE ORDERS

Be sure to include: 1) Quantity, 2) Model Number, 3) Description, 4) Color choice (top, edge, frame color for tables and shell and frame color for chairs), 5) Price for each item, including Quote number.

Smith System accepts orders via fax: 972-398-4051 or email: smithfax@smithsystem.com

Cancellation or modification of orders must be submitted to Smith System in writing. In some cases a cancellation fee may be charged if raw materials, work in progress or special products are involved.

PRICES

All prices shown are FOB factory; Plano, Texas. Prices are subject to change without notice. Freight charges for shipments are prepaid and added to the invoice.

For delivered pricing or delivered and installed pricing, Smith System produces a price book based on shipping zone.

TERMS

Invoice terms for credit accounts are NET 30 days. Orders are invoiced on day of shipment. New customers are cash in advance.

Smith System accepts school purchase orders and credit cards. Credit cards are accepted for first order only at standard discount. Credit cards will be charged on day of shipment. Smith System accepts Visa, MasterCard or American Express.

QUICK SHIP/SHIPPING LEAD TIMES

Most furniture is stocked year-round as part of the Quick Ship program. Quick Ship items are designated in the catalog with **Quick Ship**. There are 10 Quick Ship laminate colors and 20 bumper edge colors. Frame color availability is specified on the Work Book page. Quick Ship lead time for 20 tables and 40 chairs is 5 business days, though this may extend during the busy summer season. Please call for specific availability. If the product components are in stock, they will ship as soon as possible. Non-Quick Ship lead time is 6 to 12 weeks, refer to your quote for lead time.

Shipping date is confirmed upon receipt of order. Every attempt will be made to meet that shipping date. However, it is subject to change without prior notification. Smith System reserves the right to discontinue products and change product specifications and prices.

DELIVERY

Shipments are sent prepaid with charges added to the invoice. Product shipping weights are for product only. LTL shipments usually are on pallets. Pallet weights will be added to total weight for LTL shipments. Standard LTL shipments do not include inside delivery. Inside delivery is available. Inside delivery requests need to be on the order and appropriate freight charges will be

added. Some products can ship UPS. For orders that ship UPS, inside delivery is included in freight charges. Smith System will determine the mode, method and carrier which meet the best delivery criteria.

FREIGHT

Do not refuse freight because of damage or shortage. All merchandise is packed to comply with carrier requirements. For your protection all shipments should be carefully inspected by the consignee before acceptance. The delivering carrier should be requested to record on the delivery receipt any damage to goods or cartons at time of delivery. Also, any shortages should be noted on the delivery receipt. If further damage is found after delivery, immediate inspection by the delivering carrier must be requested. The delivering carrier must be notified at once of concealed damage. All cartons and merchandise must be held for inspection. Carrier liability ceases after 15 days.

Smith System will assist customers at all times to obtain claim settlement, but the consignee must take the necessary steps to obtain the proof of loss and damages. If customer selects freight carrier, customer is responsible for any freight damage claims. NOTE: Carriers are not responsible for damage or shortage after the delivery receipt is signed without a damage or shortage notification.

Smith System delivers to all 48 continental states. All orders delivering to other states and international locations will deliver to assigned ports and shipment beyond port will be the responsibility of the customer.

CHARGE BACKS

The tare weights and dimensions listed are estimated; therefore Smith System will not be responsible for freight costs associated with these variances. LTL Shipments go on pallets, weights vary.

RETURNS

All product is made to order, the return of unwanted goods must be notified within 14 days of delivery. Smith System will be unable to accept an item not reported within this time period. No goods will be accepted for return without prior authorization. Agreed returns will be subject to 30% restocking charge, plus any return carrier charges. Any unpacked, used or assembled item will not be considered for return.

WARRANTY

Smith System has a Limited 12 Year Warranty with Lifetime Frame Warranty. For complete details and a copy please contact Customer Service at 1-800-328-1061 or 972-398-4050.

THE _____ GRADUATED MOVEMENT CONCEPT

Intuit™ Seating, conceived to contain movement and direct attention straight ahead, works like a bucket seat, providing great support for the back and shoulders, while comfortably orienting the student toward the front.

Plato™ Seating is designed to allow more movement: The student can comfortably face front and both sides,

Flavors™ Seating offers the widest range of movement; its seatback flexes somewhat front to back and also torsionally, allowing students to shift and move without “fighting” the chairs. Students can comfortably face front, back and both sides.

the seat back provides flex and pronounced lumbar support encouraging good posture and breathing.

 **SMITH SYSTEM™**
Furniture for inspired learning.

INTRODUCING SEATING THAT MOVES.

Seating that moves helps the student concentrate and be healthier. The new Flavors™ Noodle Chair has a patented suspension that allows it to move with – not resist – the student. It provides all the benefits of sitting on a large ball, but with the added advantages of more stability and back support.

The seat pan tilts slightly in all directions. This action makes the Noodle Chair perfectly suited for fidgety students.

1. The flat seat pan allows the student to comfortably face right to work with the neighboring student.

2. The seat pan's waterfall front edge makes facing front very comfortable.

3. The cutouts in the back of the chair allow the student to comfortably face that direction without moving the chair.

4. Working with the neighbor on the left is also accommodated.

A FOUR-POSITION CHAIR OFFERING THE UTMOST FREEDOM OF MOVEMENT.

Educators agree that allowing movement encourages better breathing and helps students concentrate. The Noodle Chair represents a practical solution for classrooms everywhere.

Noodle Stack Chair

The Noodle Chair is designed to help the student concentrate and be healthier. It has a patented suspension that allows it to move with – not resist – the student. It provides all the benefits of sitting on a large ball, but with the added advantages of more stability and back support. The Noodle Chair is perfectly suited to fidgety students

- The shell rests on a patented suspension, allowing the seat pan to tilt slightly in all directions.
- A four-position chair offering the utmost freedom of movement.
- High-density polypropylene shell with color throughout.
- Durable swivel-base glides with non-staining nylon bases and chrome-plated steel covers come standard. Or choose optional felt or stainless steel glides.
- The legs are strong, 18-gauge welded steel with a durable chrome finish.

Intuit Stack Chair

Its comfortable bucket seat design provides great support for the back and shoulders while comfortably orienting the student toward the front. Subtle flex in the Intuit Chair's back provides some movement for the student, but movement to the sides and back is limited. Available in four sizes, 17 colors. Durable frame in Black, Champagne or Platinum.

- No sharp edges around handle.
- The light texture on the chair surface resists scratching.
- Mig-welded 16-gauge steel frame.
- Swivel chrome plated glides come with nylon base. Or choose optional steel or felt glides.
- The shell rests on the frame, not on rivets.
- 3 sizes of shells available: 'A+' on 19" seat height; 'A' on 18" seat height and 'B' on 16" and 14" seat height.

Chat Chair

The Chat Chair is a new concept in seating, providing an option between lounge seating and classroom seating. The Chat Chair offers large dimensions, encouraging the student to engage in relaxed collaborative learning or social learning settings. The Chat Chair offers excellent flexibility; integrated casters provide easy mobility. It can be ganged, or positioned individually. Available in 17 colors with Nylon or felt glides.

- Link them together or position them individually.
- Integrated casters provide easy mobility.
- Extra wide seat pan and seat back constructed of polypropylene, available in 17 colors.
- 16-gauge welded-steel frame in Chocolate or Platinum.

Husky Stack Chair

This shell chair's enduring design allows the student to sit comfortably facing front or either side. Encourages proper posture, its tapered back also allows shoulder movement. Cutout in back provides air circulation and relieves stress on lower back. Available in five sizes, 9 colors. Durable chrome frame.

- Narrow top allows shoulders to move freely.
- No-show rivets won't catch hair and clothing.
- Waterfall front edge allows transition for legs and no pressure points.
- Compound contour encourages proper posture.
- Husky legs are 1 1/2" diameter, 18-gauge steel tubing.
- Cross brace is 1" diameter, 18-gauge steel.

Husky Table Leg Color Choice

WITH DESKTOPS, FORM ALLOWS FUNCTION.

Not long ago, all desktops were rectangular. So, why the sudden profusion of shapes? Rectangular tops worked fine in the days of teacher-centered curriculum. Today, much more focus is placed on group learning. With their angled tops, our desks allow students to cluster into compact groups of different sizes.

YOU GET THE IDEA.

SMITHSYSTEM™

Furniture for inspired learning.

- 3/4" high-pressure laminate top is standard.
- Bullet-shaped T-Mold contributes to a lighter profile.
- Contoured sides add strength while creating a contemporary look.
- Fully integrated pencil tray and plastic Bookbox.
- Strong, 18-gauge steel upper legs have durable powder coat surfaces.
- Durable 16-gauge steel lower legs are chrome plated to resist wear.
- 1" adjustable leveling glides provide stability on uneven floors.

Elemental Rectangle Top Desk

The Elemental Rectangle Top Desk allows the designer to choose the top finish, T-Mold, Bookbox and leg colors and to combine them in countless combinations. It offers an innovative system for attaching legs that makes installation quick and easy.

Silhouette Student Desk

The Silhouette Desk is a contemporary desk for traditional classrooms, combining elegant design, durability and functionality. It's stable and strong, and its leg design allows easy ingress and egress. A backpack peg is now standard, too. Choose from three Bookbox options.

- Cantilevered design allows easy ingress and egress.
- Adjustable leg height from 22"-30" in 1" increments. Only two (not four) legs to adjust.
- Choose from three durable desktops, 1 1/4" thick or 3/4" thick with high-pressure laminate surface.
- Choose from several edge band treatments.
- Rugged powder coat surface on legs resists wear.
- Lockable endcap/glide combination that resists tampering.

Bullet T-Molds

WHAT'S YOUR PROFILE?
Now available in 3/4" and 1 1/4" thicknesses, Smith System tables and desktops give you the option of lending the room a light or substantial feel. Similarly, our edge band treatments give the choice of crisp, clean 90-degree angles, or the curved, gentle profile of bullet or bumper edges.

When choosing (F, H, E, G, V) of top and edge molding, put the designator at the end of the model number. Example: 04500V = Model 04500 with a 3/4" top and a Bullet T-Mold edge.

NEW PRESENTup White Board

Leave it to Smith System to transform dry-erase boards into a practical teaching tool for real-world classrooms. PresentUp Student Whiteboard System is a comprehensive solution that teams the whiteboards with a versatile mounting system and all-in-one device for organizing, storing and transporting them.

- A clip mounted on the underside of the work surface holds the board securely in place and out of the way.
- Dry-erase surfaces on both sides.
- Rugged, ergonomic polypropylene frame has rounded corners and no sharp edges.

See pages 144-147 for more information

FLEX™ DESK Single-Student

20" deep Flex Desk Model 01360
Shown in Grey Mesh top with Apple edge and Platinum frame. Shown with optional Flavors Chair, Model 11848 and optional EW Tote Tray, Model 30926.

Optional EW Tote Tray with Housing

Tote Tray pulls out on rails for easy access to materials.

Model 30926

Single-Student Flex Desk

It takes less flexing to get in and out of a spacious, stable Flex Student Desk. Its design moves the support away from the corners so the student has more knee room for easier ingress/egress, saving time whenever she/he stands up or sits down. Choose from 10 standard laminate colors, 20 standard edge colors and four frame colors.

Shown with optional casters, Model 17552 for wheelbarrow-style mobility.

- Patented backpack peg keeps student items organized can be positioned inside or outside of either leg. "Y" Leg shape allows easy ingress and egress for students.
- Adjustable desk height, from 24"-32" in 1" increments. Only two (not four) legs to adjust.
- Durable desktop available in 1 1/4" or 3/4" thickness, all with a high-pressure laminate surface.
- Edge moldings resist wear, choices available (see chart).
- Rugged powder coat surface on legs resists wear.
- Lockable endcap/glide combination that resists tampering.

ARC™ DESK

Arc-8 Flex Desk, Model 01351

Shown in New Age Oak top with Chocolate edge and Platinum frame. Shown with optional Flavors Mobile Chair, Model 11855.

Arc-8 Flex Desks side-by-side for partner work.

Arc-8 Flex Desk

Chosen by collaborative learning classrooms, the stable Arc-8 Desk offers ample work-space and exceptional ingress and egress to the student – crucial in an active classroom. This design saves time whenever she/he stands up or sits down. Choose from 10 standard laminate colors, 20 standard edge colors and four frame colors. Shown with optional EW Tote Tray, Model 30926 and Flavors Stack Chair, Model 11848.

- “Y” Leg shape allows easy ingress and egress for students.
- Desk height adjusts from 24"-32" in 1" increments. Only two legs to adjust.
- Durable desktop available in 1 1/4" or 3/4" thickness, all with a high-pressure laminate surface.
- Edge moldings resist wear, choices available (see chart).
- Rugged powder coat surface on legs resists wear.

INTRODUCING THE STUDENT WHITEBOARD SYSTEM.

Leave it to Smith System to transform dry-erase boards into a practical teaching tool for real-world classrooms.

PresentUp Student Whiteboard System is a comprehensive solution that teams the whiteboards with a versatile mounting system and all-in-one device for organizing, storing and transporting them.

As you'd expect from Smith System, the boards themselves offer great performance thanks to:

- Dry-erase surfaces on both sides.
- Rugged, ergonomic polypropylene frame has rounded corners and no sharp edges.

A clip mounted on the underside of the work surface holds the board securely in place and out of the way.

A clip secured to the top of the desk works like an easel for the board.

Clip system mounts to a wall to keep PresentUp Student Whiteboards in a central location.

Cascade PRESENTup Cart, Model 738100000PK

A Cascade Mega-Tower can be outfitted to efficiently store and transport up to 30 PresentUp Student Whiteboards.

See page 209 for additional End Panel color choices.

New LIFT™ DESK

Raising and lowering the height of the Lift Desk's work surface is made easy by the highly accessible, smooth-operating crank. The range is from 29" to 45" high.

Lift Desk - Oval top, Model 26541.
Shown in Fusion Maple top with Platinum edge
and Platinum frame.

Oval Top Lift Desk

Crank its stable work surface up and the Lift Desk easily accommodates work by a student or teacher in the standing position. Crank it down, and it accommodates work in a sitting position. The crank is easily accessible and its gearing makes lifting and lowering the desktop easy – even if loaded with something as heavy as a computer monitor. Choose from 10 standard laminate colors, 20 standard edge colors and two frame colors. Casters standard.

- Designed to meet ADA specifications for those with special needs or disabilities
- Crank handle folds out of the way when not in use

Gorilla™ Truck

{Unique teeter-totter motion}
Slightly lower center wheels create a teeter-totter motion that guides the Gorilla Cart smoothly over thresholds and uneven thresholds.

{Spinning action}
Because the Gorilla Cart spins on the center wheels, accessing both sides in narrow aisles is a breeze.

Gorilla™ Truck

Six Sloping Shelves. Six 5" casters. Shown in Red. Available in 19 colors.

Model	Description	D"	W"	H"	F.C.	Cube	Wt.	UPS	2013 List
21101	Gorilla Truck	18	36	44	150	17.0	89		\$ 628.00

Gorilla™ Truck

Four Sloping Shelves and One Flat Base Shelf. Six 5" casters. Shown in Forest Green. Available in 19 colors.

- 600-lb. capacity.
- Fixed middle casters make it easy for the truck to pivot on an axis —great for getting over thresholds.
- 5" dual wheel casters with soft tread for quiet, smooth rolling operation.

Cascade Mega-Case AV Presentation Cart. Shown in Cerulean Blue End Panel & Door Handle. Riser Shelf shown in Blond Echo Laminate top color with Cerulean edge color.

Cascade Mega-Case AV Presentation Cart

This presentation cart provides movable, lockable storage for AV equipment, and a durable work surface to hold instructor notes and 3D materials. 1 1/4" top with a choice of Bumper T-Mold or 3mm T-Mold. Choose from 10 standard laminate colors and 20 standard edge colors. Platinum frame, end panels available in the same 20 colors as the edge bands.

- Locking doors open 270° to provide obstruction-free access to AV gear and materials.
- Ventilation ports to help cool electronic devices and projectors.
- Cord access ports, data ports and two electrical outlets (four outside, one inside).
- Rolls smoothly on 3" double-wheel casters.

THE CASCADE STORAGE SYSTEM

A customizable system for organizing, storing, distributing and even presenting materials to students. Teachers organize class materials by subject or lesson, or a Tote can be assigned to an individual student. Three sizes of totes are available to contain educational materials of all sizes and shapes.

STUDENT TOTE STORAGE AND TRANSFER

Durable clear totes can be moved from storage units to student desks

Durable clear totes come in five sizes

(SW) 12 1/4"w x 16 3/4"d x 3"h

(SW) 12 1/4"w x 16 3/4"d x 6"h

(SW) 12 1/4"w x 16 3/4"d x 12"h

(EW) 18 3/8"w x 16 5/8"d x 3"h

(EW) 18 3/8"w x 16 5/8"d x 6"h

TEACHER TOTE STORAGE AND TRANSFER

Durable clear totes can be moved from storage units to teachers desks

Cascade Mini-Case

These compact, versatile, mobile storage units are available with either tote trays or shelves and can be fitted with numerous options including locking doors, and a riser shelf. Our Cascade Storage System allows educators to organize, store and distribute learning materials. These mobile storage units are highly customizable to hold items in a wide range of sizes and shapes – from sheets of paper to stuffed animals.
