

furniture for inspired learning.

IT FREES STUDENTS TO LEARN AND TEACHERS TO TEACH.

The furniture in this book is an expression of our experience as manufacturers, our commitment to American education and our best estimation of the future needs of schools, educators and students in the coming years.

We feel our seating, desks and tables, and storage say much more about Smith System than you'd be interested in reading here. So when it comes to our history, company mission or ideas about beauty, durability and functionality, take a close look at a chair from our Flavors™ line. Better yet, take a seat in one. Or, if you'd rather, inspect an Interchange™ Diamond Desk—and don't hesitate to flip it over to see its structural framing. These examples, like our entire portfolio, express our philosophy in a more interesting way than words ever could.

Having said that, there's one thing that our furniture can't fully articulate that you should know: Our dedication to contemporary best practices when it comes to manufacturing. At our award-winning manufacturing facility we employ lean manufacturing techniques, which make us both efficient and able to provide products at a moment's notice.

They're products we hope are changing educational environments for the better.

21ST CENTURY CLASSROOM

Designing the classroom around the curriculum.

A fundamental shift in orientation makes the 21st Century Classroom different from all that have come before it.

The shift comes from the widespread adoption of Collaborative Learning curriculum. Classrooms in the 21st Century must support it because it will be the dominant model of education for the foreseeable future.

Collaborative Learning is different than traditional methods in two fundamental ways. First, Collaborative Learning is student centered, empowering the student to be an active participant in the learning process.

Second, Collaborative learning revolves around solving open-ended problems or creating some sort of a "product" which could be

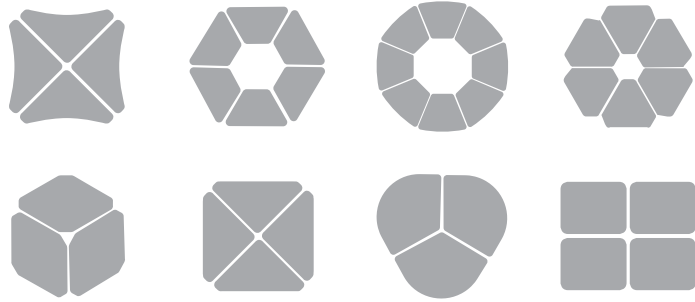

anything from a report, a poster or a video. These projects give the students an opportunity to develop the widest range of learning skills.

The educational benefits of collaborative learning include:

- Producing higher group and individual achievement, higher-quality reasoning strategies, more and more new ideas and solutions to problems.
- Developing higher-level thinking (not just recalling facts), oral communication, self-management, and leadership skills.
- Learning to confidently present and defend ideas, which increases the student's self-esteem and responsibility.
- Fostering growth in maturity and confidence on the parts of the learners, because it promotes student-educator interaction and exposes the student to diverse perspectives.

A shift in classroom and furniture design philosophy.

Not only is the 21st Century Classroom designed around the curriculum, the curriculum is designed around the student. In today's successfully designed classroom, everything starts with the student.

ADAPTABLE TO VARYING GROUP SIZES.

Students work alone, in pairs or in small groups throughout the day. So desks need to be capable of forming compact pods and other groups. Research shows groups of four to five students work best. Growing class sizes is necessitating groups of five or six.

EVEN ADVANCED DESKS DON'T MOVE THEMSELVES.

Mobility is a crucial feature for furniture in a collaborative learning classroom. So, always consider optional casters for desks and tables. Without them, moving desks is a struggle for small students, and reconfiguring classrooms disrupts progress on lessons and projects.

CONSIDER MANAGEMENT OF PROJECT MATERIALS.

The educator needs more tools to facilitate group and project learning. One invaluable resource is a cabinet that allows project materials to be sorted and stored for each group, distributed to the group when needed, then put away when finished. This is a valuable space for storing manipulatives, also.

CONSIDER DIFFERENT LEARNING MODALITIES.

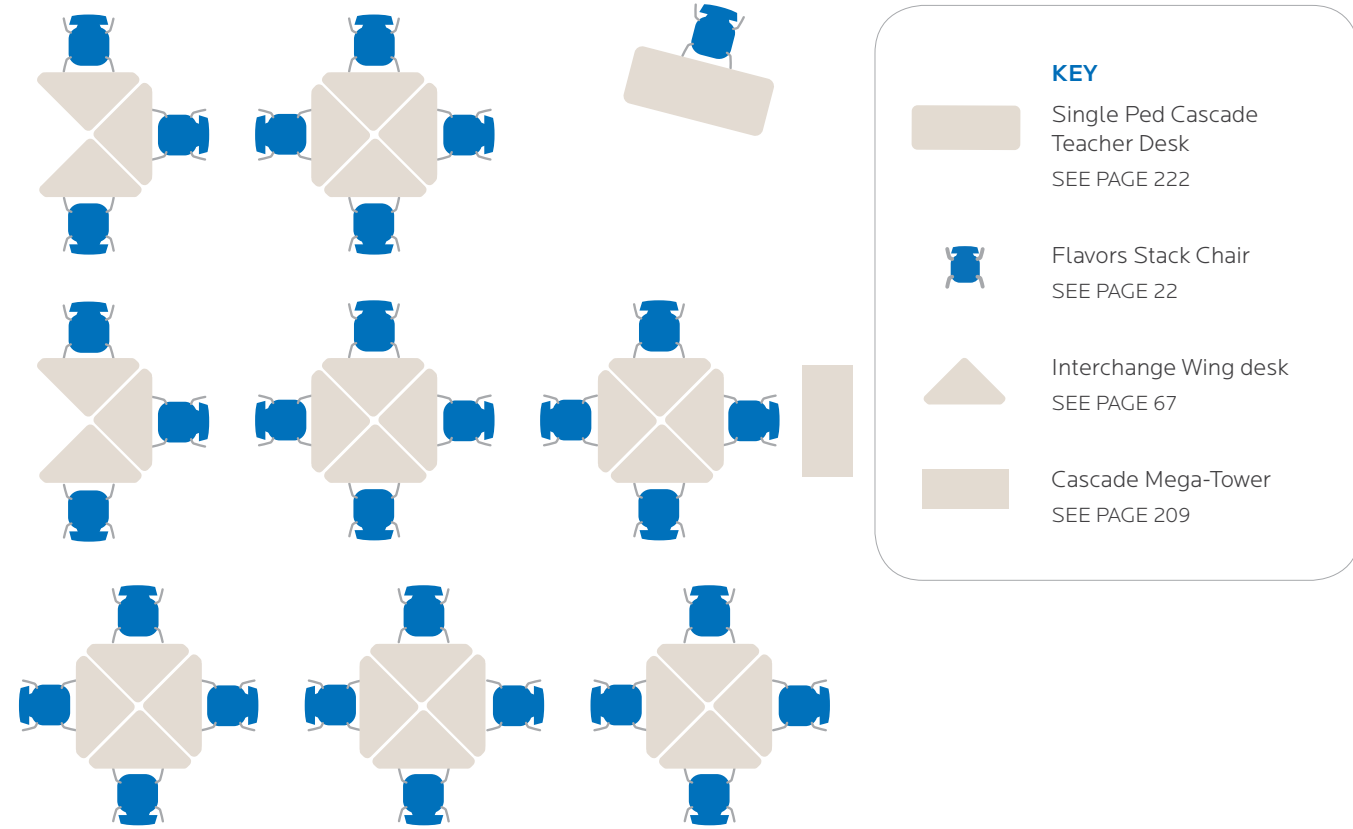

The 21st Century Classroom supports passive and active learning lesson plans. It eases the transition from lecture style to learner-led and teacher-guided lessons. The classroom makes use of analog and digital visual presentation technology.

CONNECTIVITY IS KEY.

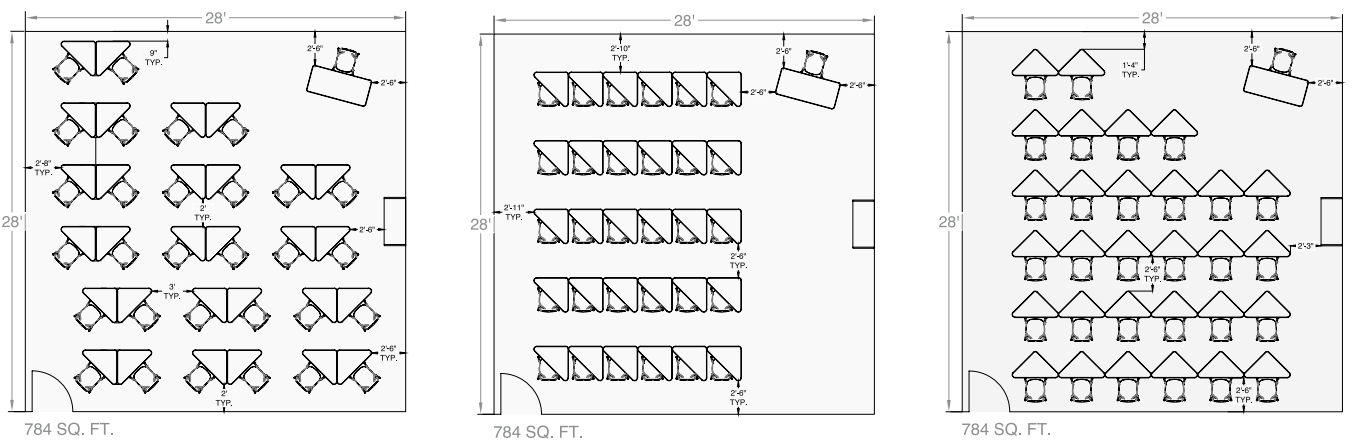

Whether they're working with tablets or laptops, students need the ability to connect with data and other resources. It is crucial for 21st Century Classrooms to provide students with both power as well as WiFi for their devices.

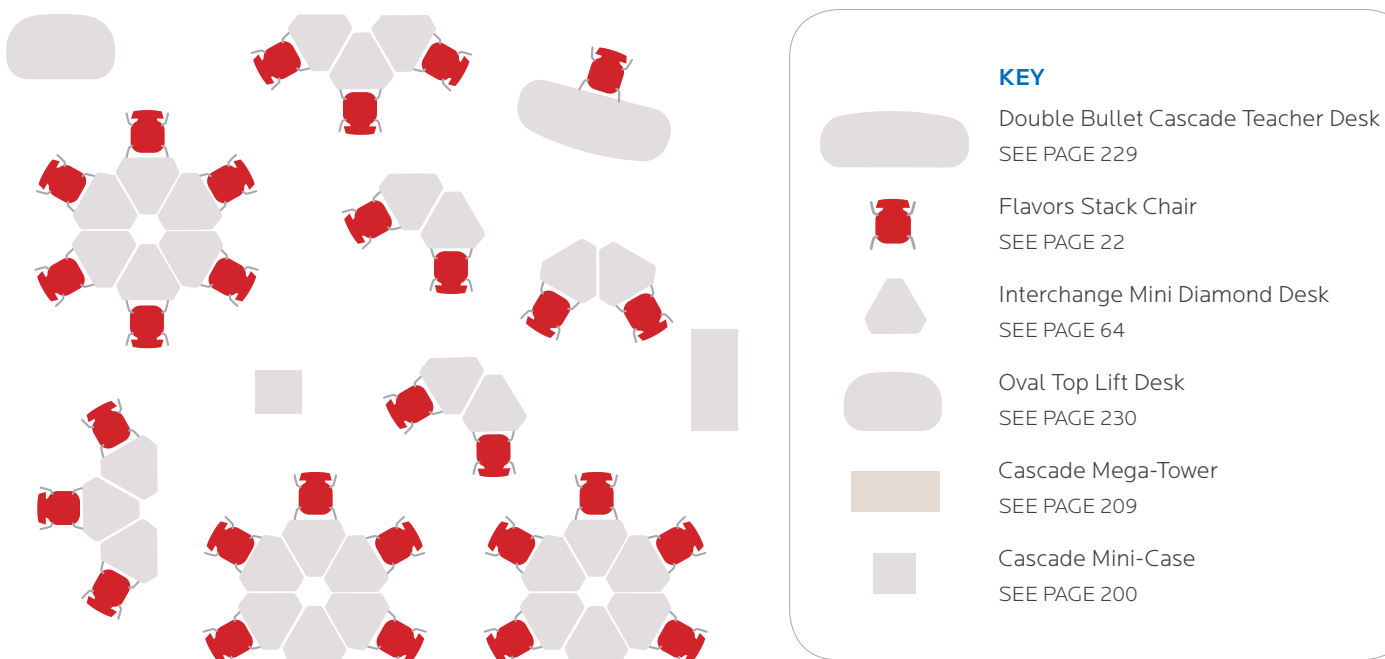

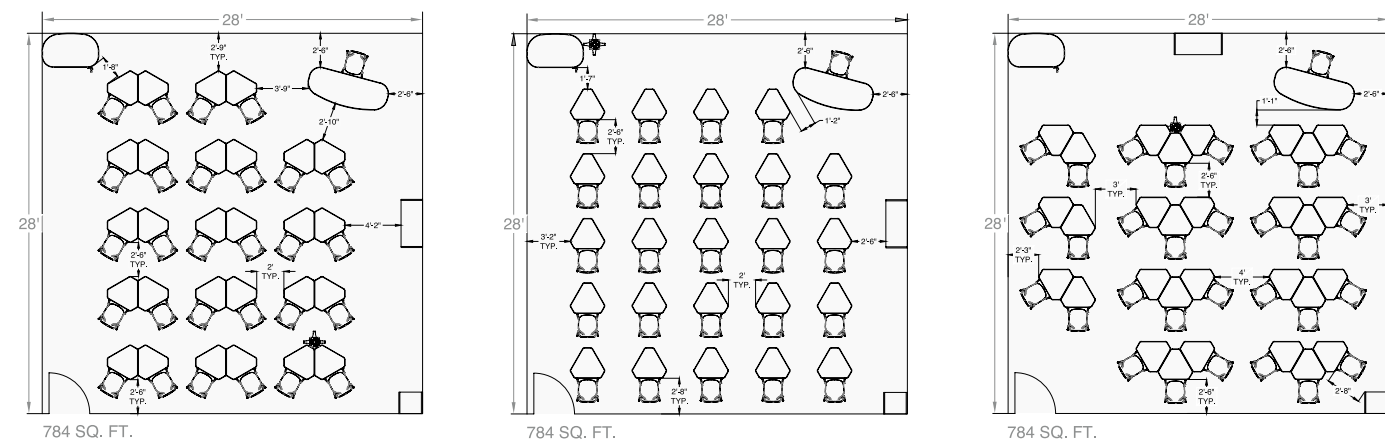

Interchange Wing Desk Classroom

When space is limited, consider the compact, triangular Interchange Wing™ Desk. It allows groups of four students to work together in a very small area. After group work is finished, the desks can be moved apart to accommodate individual work or lecture. The dynamic shapes of the desks also serve to energize the environment.

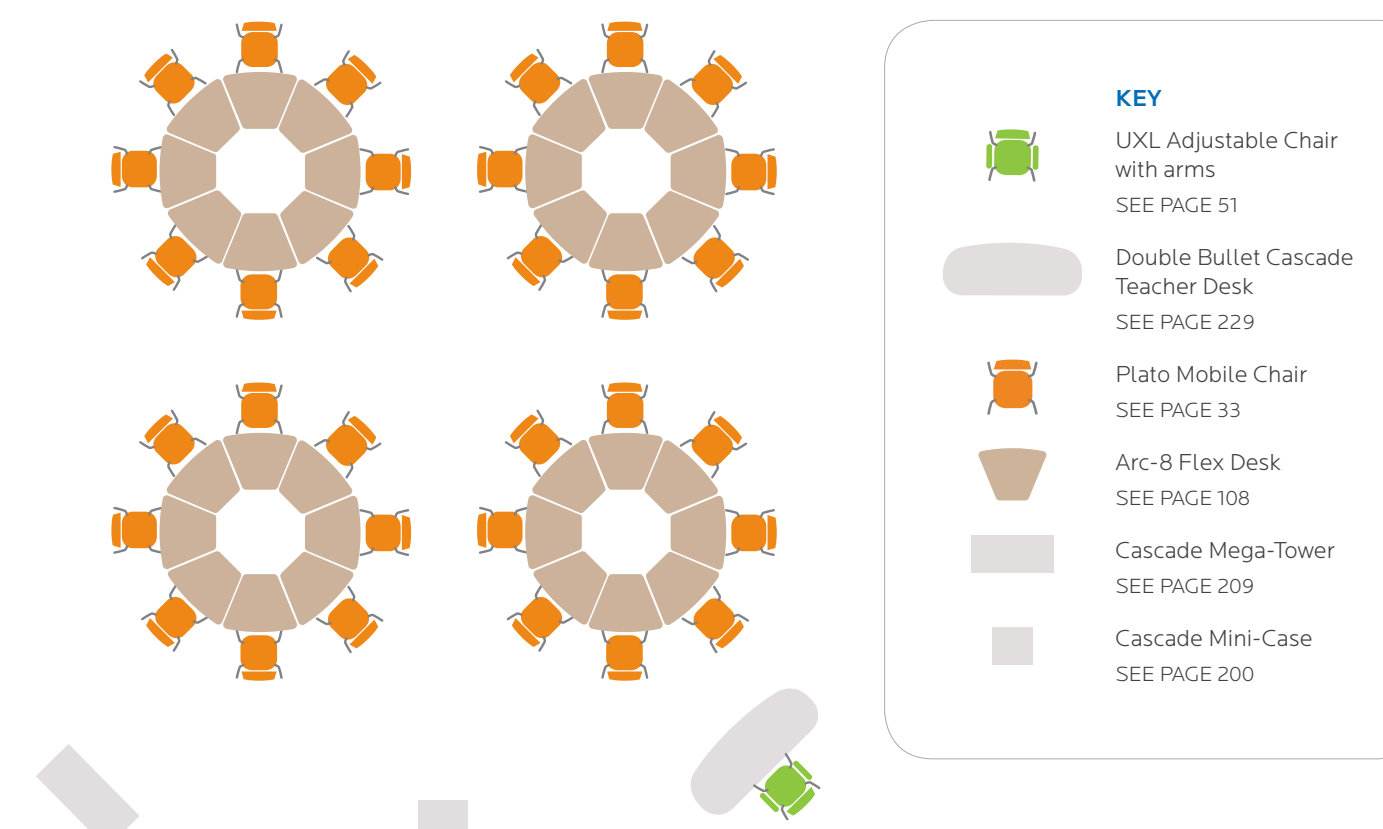

Mini-Diamond Desk Classroom

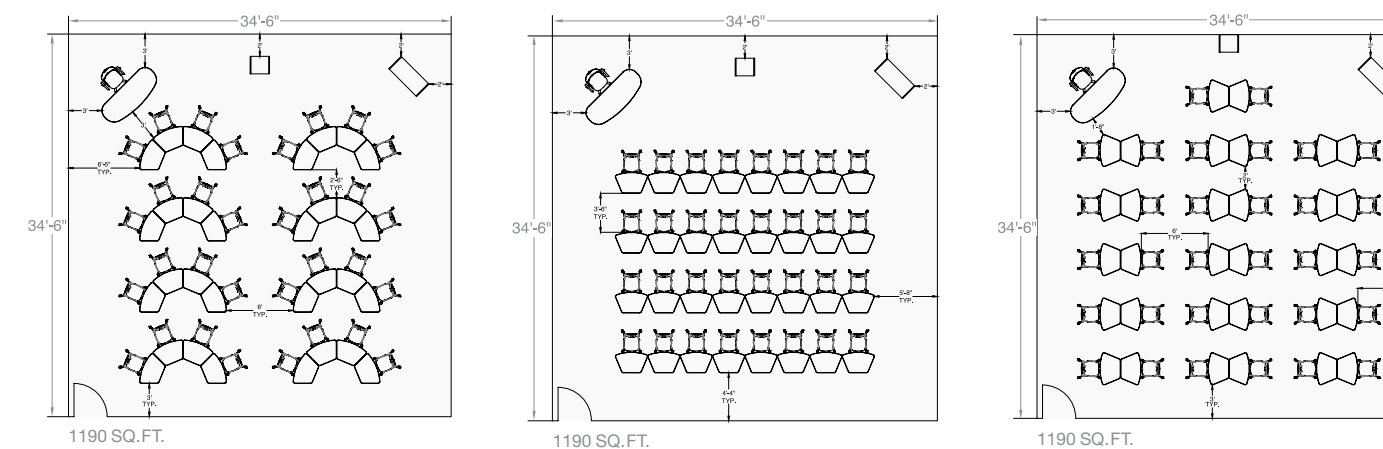

This rendering illustrates a classroom set up for group work in pairs, threes and sixes. Notice how compactly the groups of six students fit into the space and how well the desks can be arranged into other configurations (semi-circles and pairs) to suit the lesson. The UXL™ and Interchange™ Mini-Diamond Desks are very space efficient.

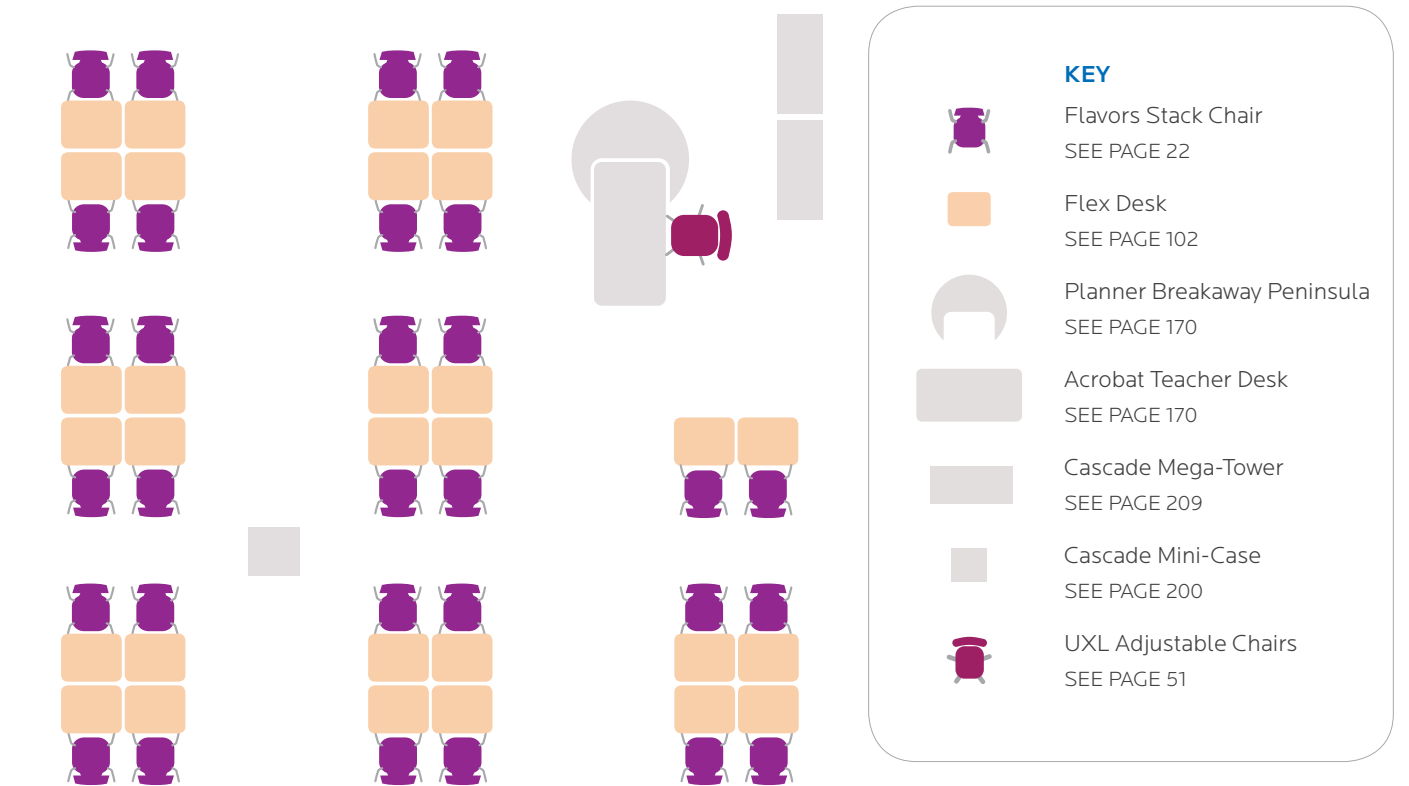

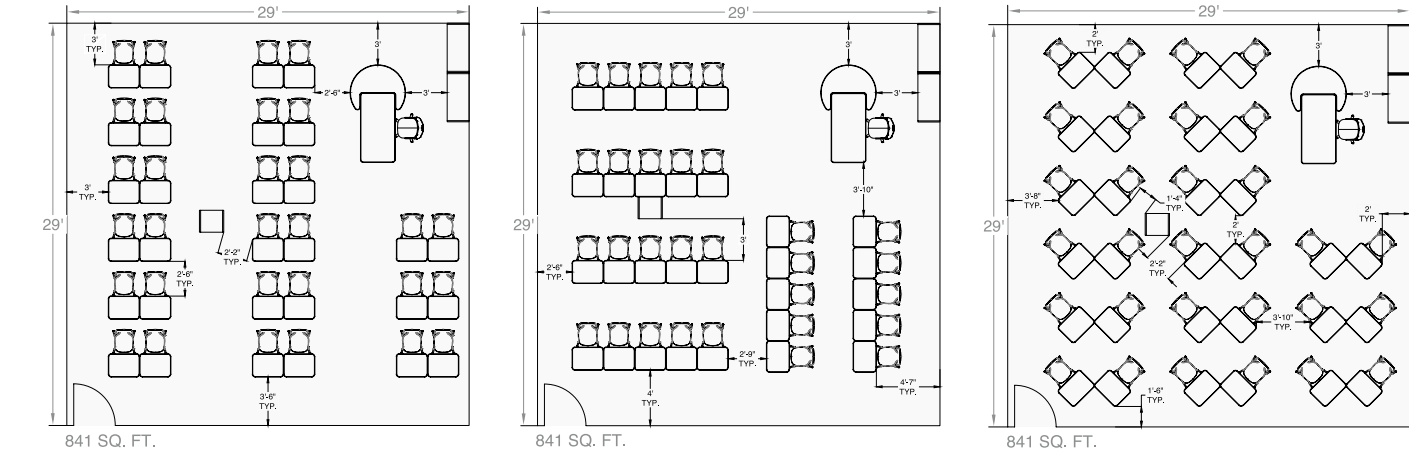

Arc-8 Desk Classroom

The highly versatile Arc 8™ Desk can be arranged, as shown, in full circles for small group work, individually in rows, in pairs, in compact semi-circles, or opposing pairs. Its ergonomic legs make ingress and egress easier for students.

Flex Single Student Desk Classroom

Educators value easy ingress and egress for students because it speeds up transitional periods and limits the disruption caused by students moving. Ergonomic design is a key advantage of the Flex Single Student Desk, which allows configurations of up to four desks for group work as well as traditional rows.

Two-level workspaces in Social Learning Area.

Varying the height of the workspaces is a subtle way of making a large open space seem more intimate. This helps students to relax, let down their guard and collaborate more openly in small group work. Here, the Smith System Café Table and Flavors™ Fixed Height Stools create the upper-level workspaces.

View pages 154-163 for more meetings table.

Here, the term Commons means shared, not ordinary.

This informal, energizing space is for sharing. Here, independent study, research and collaboration share space.

The Commons is designed to invite students and encourage them to work individually or together in gathering information, exploring ideas and expressing what they've learned through any number of media, whether it's video, live presentation with visual aids, written report or poster.

The starting point for a successful design is to break the space into different zones that support different parts of the learning process or learning modalities.

- Social Learning Area
- Quiet Study Area

- Connected Area
- Collaborative Areas
- Book/Media Storage and Display

Each of these areas supports a different type of learning activity.

The Social Learning Area is dedicated to informal interaction. To do this, it offers a relaxing environment where students can open up and exchange ideas. For inspiration, consider a coffee house.

In the Quiet Study Area, the student may research information for a group project or study regular school subjects.

The Connected Area. This could apply to the entire space, but should be addressed in the planning phase to determine which areas might be dedicated to fixed desktop computers and which should provide power for laptops and tablets.

Collaborative Areas for group work. They work like mini collaborative learning classrooms.

Students look for information in the Commons. Effective and imaginative book and media storage and display areas can make the search faster and more enjoyable.

RELAXED SEATING CONTRIBUTES TO COLLABORATION.

Another strategy for encouraging students to think more openly and share more freely is to provide comfortable seating for small groups. It's possible to achieve a lounge-like effect with Chat™ Chairs connected by Chat Wedges surrounding a Chat Planner Activity Table.

DON'T BOX IN STUDENTS OR THEIR THINKING.

Providing visual relief from the tyranny of right angles can help students to think outside the box. In the photo below, left, designers deftly employed Acrobat™ Crescent Desks to create imaginative work spaces for groups of two to six students—all supported with connectivity thanks to I-0™ Posts.

THE LEARNING COMMONS OVERVIEW.

Sharing is the key concept. An active learning environment shares the best ideas of a collaborative learning classroom and provides learning resources in the form of written and recorded media all while providing an environment that invites students to explore, work together and enjoy learning.

STEM ENVIRONMENT

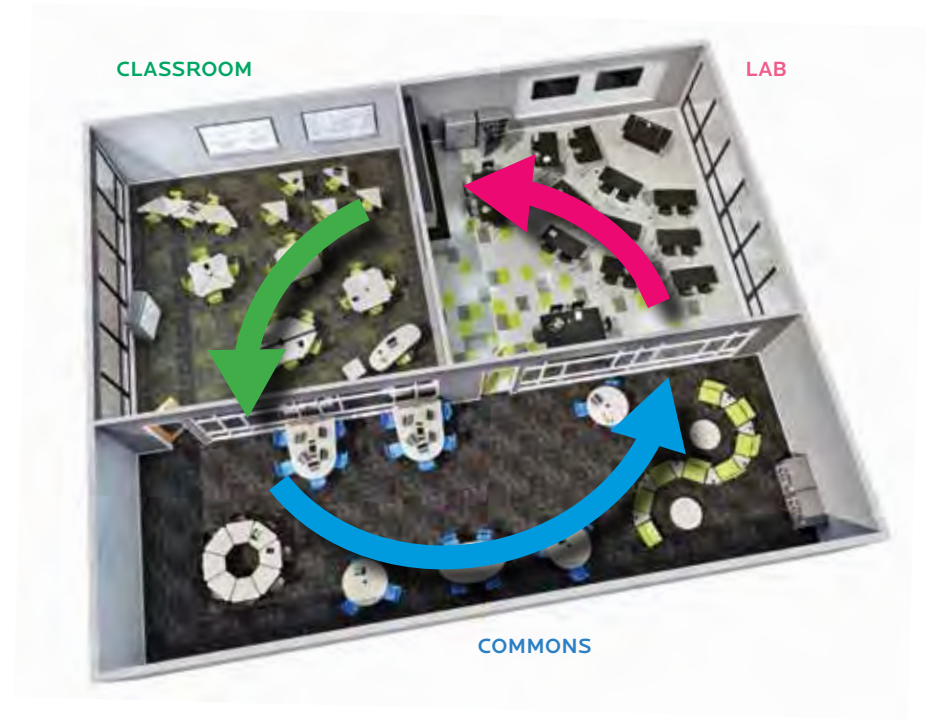

STEM ENVIRONMENT

The power of 3 in STEM environments.

Think in terms of three rooms. *One: the Classroom*, primarily for math and engineering subjects. *Two: the Lab*, for science and technology. *Three: the Commons*, where students freely collaborate and learn from each other.

Two fundamental steps in optimizing a STEM environment.

First dedicate the appropriate space to the subject, then complement the Science, Technology, Engineering and Math curriculum with the right furniture.

Creating a successful STEM environment requires thinking beyond the subjects being taught, and thinking about *how* the subjects are being taught. The result of taking this step can be a dynamic space that's geared for teaching these interrelated subjects. (See the 3-D environment top right).

After composing the classroom, lab and commons areas, determining how to furnish them becomes a question of which furniture best complements the curriculum. Going forward, STEM will most likely be taught in a collaborative learning environment. What this means

to the designer is, you can't just fill the lab with tables, the classroom with desks and call it good. Rather, the classroom layout must accommodate both the students and teacher with:

- Clusters (or pods) of desks to accommodate small group work for two to six students.
- Unimpeded access to all parts of the room for the teacher.
- Learning zones. In collaborative learning classrooms, different groups may need access to different learning tools, like computers or whiteboards.
- Movement.

When choosing student desks or tables, flexibility and adaptability are key so look for models capable of being arranged into compact pods that accommodate six to eight students. Together with adaptability and flexibility comes mobility. It's crucial because it allows the furniture to be easily reconfigured. Choose chairs and desks with casters.

Finally, the furniture's ergonomics help students in STEM classrooms concentrate and encourage them to collaborate. Read more about Flavors™ Seating (shown in the above photo) on page 20.

IT'S A 21ST CENTURY CLASSROOM. CONNECTIVITY IS MANDATORY.

Because STEM classes make great use of technology, students need the ability to connect with data and other resources. Optimized STEM classrooms allow students to have power for their computers or tablet devices as well as WiFi.

THERE'S STILL NO SHRINK RAY.

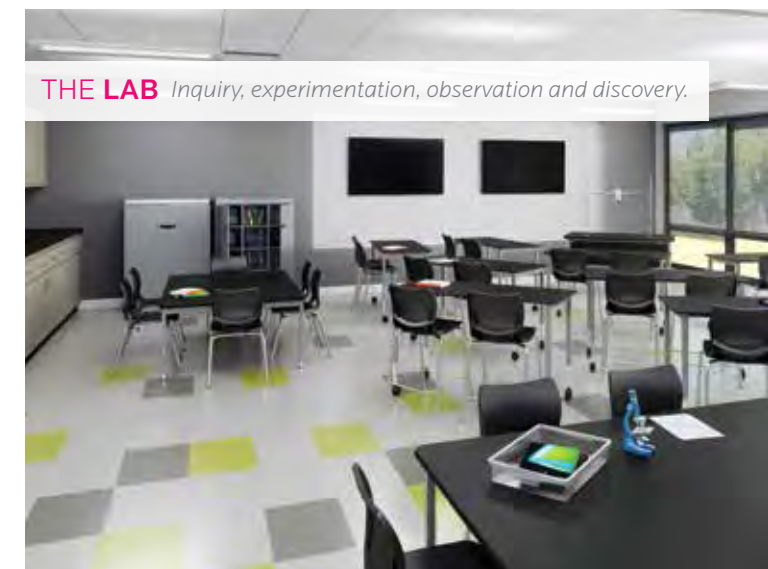

It's science, not science fiction, so STEM classrooms need a means for organizing project materials. That is the reason Smith System Cascade™ Storage exists. Educators can organize, store, manage and distribute project materials, or 3D manipulatives from the Cascade unit to the student's desk or to the teacher's desk.

TEACHERS USE THE LATEST TOOLS AVAILABLE.

Even in project-based STEM classrooms, teachers need to present information to the entire class. Increasingly, these presentations are augmented by visual and audio-visual materials.

STIMULATING THE IMAGINATION.

In addition to performing a function in the classroom, furnishings also contribute to the learning environment by adding color to the room. Whether you select a color to create a mood for a room, to carry a design theme or element into the classroom, or to spread the school colors, no manufacturer offers more options than Smith System.

SEATING

Why seating needs to support the curriculum as well as the student.

Seating is as unique as a fingerprint. Students sit in thousands of different positions. Upright, slouched, twisted, tilted, straddling their seats. They stretch out their legs, sit on them, cross them, bounce them. They balance on the front of their chair or precariously teeter on the back, tempting gravity—and common sense.

Seating: Which Ergonomics Matter Most?

Here are some ways administrators can get the most ergonomic bang for their buck.

RIGHT SIZE

- Properly sized classroom seating supports healthy posture and decreases fidgeting.
- Students should be able to sit with their feet firmly planted on the floor and their backs against their chairs.

RIGHT FIT/ADJUSTABLE

- Both seating and desks need to be properly scaled to fit the size of the individual student.
- We offer a wide range of heights in seating—typically four or five per product line. We also offer up to three sizes per line. (Our desking lines are adjustable.)

SEATING THAT DOESN'T FIGHT THE STUDENT.

- A chair that allows some movement on the part of the student can promote learning. But how much movement?
- Consider our Graduated Movement Concept, a design idea educators can use to tailor the ergonomics of the classroom furniture to support the curriculum. Through subtle differences in design, our Intuit™ line gently limits movement, Plato™ allows moderate movement and Flavors™ permits utmost movement.

FUNCTION

- 21st Century learning often requires seating to be moved throughout the day, so chairs must be light enough, or fitted with casters to allow students of all ages to move them quickly and easily.

Intuit™ Seating

Conceived to contain movement and direct attention straight ahead. It works like a bucket seat, providing back and shoulder support, while orienting the student toward the front.

SEE PAGE 36

Plato™ Seating

Allows more movement, so students can face front and both sides. This Euro-spec chair provides a wide seat pan, flex, and pronounced lumbar support to encourage good posture and breathing.

SEE PAGE 30

Flavors™ Seating

Offers maximum movement and four seating positions. Its seat back flexes front to back and torsionally, allowing students to shift and move without chair resistance.

SEE PAGE 20

Flavors™ Noodle

This four-position seating line provides the benefits of a stability ball, but with more overall stability and back support, and less student misuse.

SEE PAGE 28

Chat™ Chair

This hybrid is a welcome option for social learning situations, combining the comfortable dimensions of lounge seating with the durability of polypropylene. It rolls on integrated casters.

SEE PAGE 42

UXL™

Known for its generous proportions, this line is customizable to fit almost every situation in an educational environment. It's so broad, you can maintain a consistent design scheme throughout the building.

FREEDOM OF MOVEMENT.

Flavors Seating removes as many restrictions to student movement as possible.

- A relatively flat seat pan with a waterfall front allows the student to comfortably face front, back and either side.

LESS RESTRICTING TO THE SHOULDERS AND SPINE.

To further enable the student to work with students on either side, the seat back provides torsional flex – allowing the student to gently twist to face left or right.

MOVE, BREATHE AND CONCENTRATE.

A subtle front to back flex allows the student to move and adjust their posture, which promotes better concentration.

FOR CLASSROOMS THAT MOVE AND STUDENTS OF ALL SIZES.

- Flavors Seating is light enough for most students to move in the classroom without problem.
- Achieve additional mobility with optional casters on the Adjustable Chair, Stools and Stacking Chair.
- Stacking models come in six sizes and Sled Base models come in four sizes so you can pair the appropriately sized chair with the student in all grade levels.

CONSTRUCTION.

Built for the demands of a school environment.

- The durable, high-density polypropylene shell stands up to the challenges of a real-world classroom.
- Made of 18-gauge welded steel, the frame is protected with chrome plating or a rugged powder coat finish.
- For added comfort, the shell rests directly on the frame (not on the rivets).

COLOR! PLATINUM

FLAVORS STACK CHAIR

Four-position chair allows student to sit comfortably facing front, either side or rear. Flexing seat back provides support and allows student to turn with less restriction. Flat seat pan with waterfall front edge. Six sizes. Available in 18 colors.

- The shell rests on the frame, not rivets, to add comfort.
- High-density polypropylene with color throughout the shell.
- Durable swivel-base glides, with non-staining nylon bases and chrome-plated steel covers come standard.
- Choose optional steel or felt glides.
- The legs are strong, 18-gauge welded steel with a durable chrome finish.
- Chrome legs with durable chrome finish or Platinum powder coat finish.
- Stacks four chairs high.

Student seating with patented movement.

PLATINUM FRAME
COMING SOON!

Model 11852 -16"

FLAVORS™ NOODLE STACK CHAIR

The Noodle Chair is designed to help the student concentrate and be healthier. It has a patented suspension that allows it to move with – not resist – the student. It provides all the benefits of sitting on a large ball, but with the added advantages of more stability and back support. The Noodle Chair is perfectly suited to fidgety students. Available in 18 colors.

- The shell rests on a patented suspension, allowing the seat pan to tilt slightly in all directions.
- A four-position chair offering the utmost freedom of movement.
- High-density polypropylene shell with color throughout.
- Durable swivel-base glides with non-staining nylon bases and chrome-plated steel covers, come standard. Or choose optional felt or stainless steel glides.
- The legs are strong, 18-gauge welded steel with a durable chrome finish.
- Stacks four chairs high.

SUPPORT, WITH FREEDOM.

Plato Seating is a three-position chair, allowing the student to comfortably face the front and both sides. The "Euro-Spec" seatback draws on the design of European school seating where lumbar support is closely studied and mandated.

- The seatback flexes to provide relief from a fixed, rigid seating position.

BETTER POSTURE AND BETTER BREATHING.

Studies show a link between improved student posture and a number of health benefits, including better breathing, as well as academic benefits, including better concentration.

A SOLID CHOICE FOR CLASSROOMS OF ALL KINDS.

Plato Seating is well suited for collaborative classrooms as well as traditional classrooms. It allows students to work with others on either side, yet for individual study and lectures, it helps them stay alert and focused.

FOR CLASSROOMS OF ALL KINDS AND STUDENTS OF ALL SIZES.

- Plato Seating is light enough for most students to move in the classroom without problem.
- Achieve additional mobility with optional casters on the Adjustable Chair and Stools and to the Stacking Chair.
- Stacking models come in three sizes so you can pair the appropriately sized chair with the student in all grade levels.

CONSTRUCTION.

Built for the demands of a school environment.

- The durable, high-density polypropylene shell stands up to the challenges of a real-world classroom.
- Made of 18-gauge welded steel, the frame is protected with chrome plating.
- For added comfort, the shell rests directly on the frame (not on the rivets).

Its pronounced lumbar support promotes posture, breathing and attention.

PLATO SEATING STACK CHAIR

The Plato Stack Chair provides roominess for today's growing students through its oversized seat pan. Built to what's called Euro-Spec (short for European Specifications) the seatback offers some flex front-to-back and provides pronounced lumbar support, encouraging good posture and breathing. Its fresh, yet familiar shape connotes comfort to the student. 14", 16" and 18" sizes.

- The shell rests on the frame, not rivets, to add comfort.
- High-density polypropylene shell with color throughout.
- The legs are strong, 18-gauge welded steel with a durable chrome finish.
- Stacks 5-6 chairs high.
- Durable swivel-base glides with non-staining nylon bases and chrome-plated steel covers come standard.
- Or choose optional steel or felt glides.
- 18 colors.

INTUIT™ SEATING.

Stacking

Adjustable Chairs

Adjustable Stools

FOR CONTEMPORARY CLASSROOMS AND STUDENTS.

This chair was designed to make the student feel comfortable before even sitting down through its use of familiar, graceful curves.

- The chair's inviting shape gives an honest indication of how comfortable it is.
- The bucket design provides great back and shoulder support while offering just the right amount of flex.

BUCKET SEAT, YES. STRAIGHT JACKET, NO.

Intuit Seating gently and subtly directs the student's attention to the front without being restrictive. Its design allows a movement and its dimensions don't constrict the student.

FOR USE THROUGHOUT THE SCHOOL.

A welcome addition to learning environments of all kinds, including classrooms, computer labs, art, and music rooms. Plus administrative offices.

FOR CLASSROOMS OF ALL KINDS AND STUDENTS OF ALL SIZES.

- Stacking models come in four sizes so you can pair the appropriately sized chair with the student in all grade levels.
- Generously proportioned shell offers comfortable seating for a broad range of student sizes within the grade level.
- Achieve additional mobility with optional casters on the Adjustable Chair and Stools.

CONSTRUCTION.

Built for the demands of a social environment.

- The durable, high-density polypropylene shell stands up to the challenges of a real-world classroom.
- Made of 18-gauge welded steel, the frame is protected with rugged powder coat finish.
- For added comfort, the shell rests directly on the frame (not on the rivets)

INTUIT STACK CHAIR

Its comfortable bucket seat design provides great support for the back and shoulders while comfortably orienting the student toward the front. Subtle flex in the Intuit Chair's back provides some movement for the student, but movement to the sides and back is limited. Available in four sizes, 18 colors. Durable frame in Black or Platinum.

- No sharp edges around handle.
- The light texture on the chair surface resists scratching.
- Mig-welded 16-gauge steel frame.
- Swivel chrome plated glides come with nylon base. Or choose optional steel or felt glides.
- Stacks 5-6 chairs high.
- The shell rests on the frame, not on rivets.
- 3 sizes of shells available: 'A+' on 19" seat height; 'A' on 18" seat height and 'B' on 16" and 14" seat height.

Platinum frame only for QS. All shell colors QS.

Six Chat Chairs and a Square Chat Planner™ Table combine to create an inviting area for casual collaboration.

Comfortable, reconfigurable seating for commons areas.

A combination of Chat Chairs and Chat Wedge Tables allow imaginative configurations that encourage interaction.

Chat Chairs can be connected to create benches. These Chat Chairs have optional power outlets.

Their mobility and flexibility make it easy to create collaborative breakout areas.

Chat Chairs are highly mobile, enabling students to easily remove chairs from groups and add them to others.

A New Kind of Chair

This hybrid is a welcome option for social learning situations and commons area seating. It merges the comfortable dimensions of lounge seating with the kind of durability expected in a school setting.

Two Chat Chairs, with optional outlets for powering devices, are teamed with a Chat Wedge to create a small meeting area.

A CHAIR OF CHOICE.

- Students will choose to sit in a Chat Chair because its roomy dimensions connote relaxation and informality.
- Chat Chairs with fabric covered cushions offer an even more comfortable place for students to sit while they interact and exchange ideas.

TEMPORARILY FIXED IN PLACE OR MOBILE.

- Chat Chairs can be linked together to form rows. They can also be joined to Chat Wedge tables to create curved configurations.
- Integrated casters make relocating Chat Chairs easy for any student.

CONSTRUCTION.

Built for the demands of a school environment.

- Underseat power outlets available for powering devices used in social learning.
- The durable, high-density polypropylene seat pan and seat back stands up to the challenges of a real-world schools.
- Made of 18-gauge welded steel, the frame is protected with a rugged powder coat finish.
- Available with fabric covered cushion on the seat pan.
- For added comfort, it rests directly on the frame (not on the rivets).

Chat Wedge with Power, Model CHWGP. Shown in Golden Oak top with Navy edge and Platinum frame. Shown with Chat Chair with Fabric Seat, Model CH11FIP100.

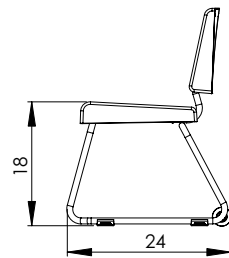

CHAT CHAIR

The Chat Chair is a new concept in seating, providing an option between lounge seating and classroom seating. The Chat Chair offers large dimensions, encouraging the student to engage in relaxed collaborative learning or social learning settings. The Chat Chair offers excellent flexibility: integrated casters provide easy mobility. It can be ganged, or positioned individually. Available in 15 colors with Nylon or felt glides.

- Link them together or position them individually.
- Integrated casters provide easy mobility.
- Extra wide seat pan constructed of choice: polypropylene (P) or fabric (F), available in 15 colors.
- Seat back constructed of polypropylene (P), available in 16 colors.
- 16-gauge welded-steel frame in Platinum.

UXL™ SEATING.

Stacking

Mobile Stacking

Stacking with Arms

Tablet Arm Chair

Nest and Fold

Adjustable Chair

Beam Seating

So customizable, even the options offer options.

NO SEATING LINE OFFERS MORE VERSATILITY.

The UXL furniture line includes desking, tables and seating. The idea behind it is to be so versatile, that this single line could be used throughout a school.

When it comes to seating, The UXL Chair is dozens of chairs in one – all starting with the comfortable and spacious UXL Stacking Chair. From there, add utility and functionality with the many available options.

WHAT ARE MY CHOICES?

- Seat backs available in durable polypropylene in 17 colors.
- Seat pans available in durable polypropylene or comfortable fabric in 17 colors – mix or match them with the seat back colors.
- Choose Stack or Nest & Fold Chairs.
- Add mobility with casters.
- Add comfort with optional arms.

OPTIONS THAT ADD FUNCTIONALITY.

- Choose from three styles of tablet arms: P-Tablet, FoldAway Tablet and Rhombus Arm.
- Underseat wire Book Basket available in durable powder coat.

IT ENHANCES THE DESIGN SCHEME.

By choosing UXL, you can choose the same seat colors as the edge band colors of the desks and tables – and those colors will match. This is one of the ways UXL allows you to maintain a consistent design scheme throughout the entire building.

UXL 18" Stacking Chair in Cerulean.

UXL 16" Stacking Chair in Cerulean.

UXL 14" Stacking Chair in Cerulean.

UXL STACK CHAIR

This comfortably proportioned line of seating complements other furnishings in the UXL line. This highly customizable seating lets you choose polypropylene or fabric seats in 17 colors you can mix or match with seat back colors. Other options include Book Baskets and Long Ganging Device. Stack 10 high.

Polypropylene (P) Seat or Fabric (F) Seat Choice. Polypropylene (P) Back is standard.

- Polypropylene or fabric seats in 17 colors.
- Polypropylene seat backs in 17 colors to mix or match with seats.
- High-density polypropylene seats and seat backs have color throughout.
- Casters or nylon glides.
- 14", 16", 18" models.
- Optional Book Baskets.
- Optional Long Ganging Device
- Chairs without Book Baskets stack 10 high.

DESKS & TABLES

These are literally learning platforms, more is required of them today than ever before.

Today's learning environments present an unprecedented challenge to desks and tables, demanding greater versatility and durability. Contemporary desks and tables are designed for arrangement in pods, pairs, rows and other configurations. Today's Smith System desks and tables are also reinforced to help them withstand being moved—often several times each day.

Beyond design, consider how it's engineered and built.

As active parts of the education process, desks and tables absorb more hard use.

MOBILE.

In collaborative learning classrooms, students have to be able to move desks and tables without help.

RECONFIGURABLE.

Today, the shape of desk and table work surfaces must allow the furniture to fit into a compact pod for small group work and work in pairs, or make them suitable for individual work.

FUTURE PROOF.

Desks and tables are moved constantly. They must be built strong to withstand this use well into the future. Their shapes must add functionality with future use in mind, rather than contributing gimmicky, non-functional arrangements in the classroom. Learn more at smithsystem.com/collaborative-desks.

27 in. SUGGESTED MINIMUM WORKSPACE

FUNCTIONALITY.

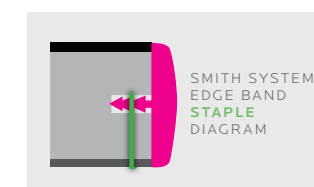

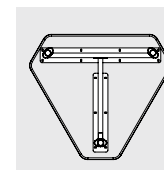

- “Pie-shaped” desktops allow students to make compact pods for working in groups.
- Casters provide needed mobility for the desk—don't make students drag them across the floor.
- The suggested minimum workspace is 27 in.

HEALTHY CONSTRUCTION.

Smith System desks and tables are made for healthy learning environments, and are UL Greenguard Gold Certified.

DURABILITY.

- Structural Framing – steel reinforcing beams attach to each leg, adding rigidity and preventing wobbly legs. Don't settle for Easy On Brackets on tables and desks in collaborative learning classrooms.
- The T-Mold edge band, used on Smith System Desks and Tables, is stapled every six inches to provide superior fastening power.

SUGGESTED DESK AND CHAIR HEIGHTS:

TABLE HEIGHT	~19"	~22"	~24"	~27"	~29"
CHAIR HEIGHT	10"	12"	14"	16"	18"
3-4 year olds	50%	50%			
Kindergarten		50%	50%		
Grade 1			100%		
Grade 2			25%	75%	
Grade 3 - 4				100%	
Grade 5				50%	50%
Grade 6 - 12					100%

RIGHT SIZE.

Fitting the chair and desk or table to the student is important, as a proper fit helps academic performance while a poor fit hinders it.

DEPENDABILITY.

Smith System backs its tables and desks with a lifetime warranty on the frame and legs and a 12-year warranty tabletops and desktops.

AVAILABILITY.

Smith System employs lean manufacturing techniques allowing us to make tables and desks to order and Quick Ship them.

FOR 21ST CENTURY CLASSROOMS.

Its unique combination of functionality, style and practicality gives the Interchange line its innate unity and beauty.

- Interchange Wing™, Diamond™ and 3-2-1™ Desks for collaborative learning (and traditional) classrooms.
- Interchange Student Desks for traditional classrooms.

UNBEATABLE CONSTRUCTION.

- The T-Mold edge band, used on Interchange Desks and Tables, is stapled every six inches to provide superior fastening power.
- The work surfaces are high-pressure laminate that stand up to heavy use.
- Structural Framing – steel reinforcing beams attached to each leg – adding rigidity and preventing wobbly legs. Don't settle for Easy On Brackets for tables and desks in collaborative learning classrooms.

DEPENDABILITY.

- Lifetime warranty on the frame and legs, 12-year warranty on table and desktops.

HEALTHY CONSTRUCTION.

- UL Greenguard Gold Certified.

Keeps floors tidy and backpacks handy.

Optimize classroom space with Interchange Wing™ Desks.

Interchange Wing Desks allow great flexibility when it comes to creating compact pods of two, three and four students. The flexibility comes from the shape of the desktop. Its pie shape allows four students to work in a very compact area. Three students, even smaller. Two students can work almost side by side, facing, or at an angle – whichever suits their activity.

Configuring the Interchange Swoop Wing™ Desk

The shape of the Interchange Swoop Wing Desk allows compact groups of two to four students. One notable advantage of the desk's unique shape is that it enables two students to work side-by-side or facing each other while using a minimal amount of floor space. This is particularly beneficial when class size is at or near the maximum for the classroom size.

ADD POWER

This symbol indicates you can add power to select tables.

You will find the "ADD POWER" logo throughout this catalog. It signifies which Smith System tables are compatible with our 2015 power units. 

When ordering, please submit a drawing with your order to indicate the desired positioning of the power unit on the work surface. All power accessories are special order, a custom feature per table and are non-returnable. For more information call 800.328.1061.

Structural framing makes this desk more solid now and in the future.

Mobile furniture needs the reinforcement of structural framing.

Reinforced to support heavy projects without bowing.

The larger the work surface, the greater the need for structural framing.

INTERCHANGE™ AND PLANNER™ RECTANGLE MODESTY PANEL

Designed to complement tables in the Interchange and Planner lines. Order it in any of the 10 standard laminate colors, 20 edge colors.

Create a UXL Crescent Work Area with three UXL Crescent Tables. Students can sit on both sides.

Three UXL Crescent Tables, Model UL72CRGRERPLTFC. Shown in Grey Mesh top with Charcoal edge and Platinum frame. Optional fixed-height leg with caster (FC). Shown with optional Retractable Mini Power Module, Model 017091, \$ 250.00.

UXL CRESCENT TABLE

Create a dynamic workspace for groups of up to 12 students with UXL Crescent Tables and UXL 48" Round End Caps (see below). They allow you to maintain a consistent design scheme with the UXL furniture throughout the building or facility. Choose from 10 standard laminate colors, and 20 standard edge colors. Platinum frame only.

UXL Crescent Tables combine to create versatile workspaces.

- UXL Crescent Tables are standard with a 1 1/4" thick work surface and five fixed-height legs (FL).

UXL 48" ROUND END CAP

Model UL48NC. Shown in Grey Mesh top with Navy edge and Platinum frame (FL).

Create a UXL Crescent Work Area: three UXL Crescent Tables and three 48" Half Round End Caps.

Shown in island stabilizer configuration.

Model ULPB60GREBPLTFT
Shown in Grey Mesh top with Black edge.
Shown in wall stabilizer configuration.

UXL POWER BAR™

The UXL Power Bar provides easy and convenient access to power. The work surface of the Power Bar is counter height, accommodating students who're standing or seated on stools. For extra stability, it can be mounted to a wall with the included mounting bracket. (Hardware used to mount the bracket to the wall must be supplied by the installer based on the type of wall. Two sets of stabilizers are also included. One set is suited for use against a wall, the other is for island applications.)

- 2 Power Domes, one on each end of the work surface, totaling 8 outlets.
- Durable tabletop in 1 1/4" thickness.
- Laminate top available in 10 colors.
- Frame is available in Platinum only.

UXL Rectangle Tables with a Desk Fence helps focus attention and allows supervision from a distance.

DESK FENCE

Create carrel-like applications for peer work or individual study in libraries or labs with our Desk Fence. It filters light and defines workstations, yet keeps the area open and visible. Combine Desk Fences with an I-O™ Post to create powered workstations. Screw or clamp down onto most tops. Choose from 20 standard colors. Pole is Platinum.

Create a UXL Nest & Fold Conference Table: two UXL Nest & Fold Half Round Tables and two UXL Nest & Fold Rectangle Tables. Shown in Amber Cherry top with Black edge and Platinum frame. Shown with optional UXL Nest & Fold Chairs.

NEW LOWER
2015 PRICE

UXL NEST AND FOLD TABLES

UXL Nest & Fold Tables provide a stable, spacious work surface and contemporary appearance. They offer added utility when not in use through their easy mobility and compact storage. Because they're part of an integrated line of seating and desking, they let you maintain a consistent design scheme throughout the building or facility. Choose from 10 standard laminate colors, and 20 standard edge colors. Platinum frame only.

- UXL Nest & Fold Tables are standard with a 1 1/4" top with 3/8" Bumper T-Mold edge (FL).
- Optional top choice: 1 1/4" top with 4mm T-Mold edge. Replace FL in model number with FM.

UXL Nest & Fold Tables offer improved performance even when not in use. Their tabletops fold and legs nest, allowing them to store more compactly. Standard casters make them easy to move.

UXL NEST & FOLD RECTANGLE TOP TABLE

HOW TO READ A UXL™ PART NUMBER

HERE'S OUR SIMPLE SYSTEM FOR ORDERING UXL TABLES EXACTLY THE WAY YOU WANT THEM.

1. Decide what features and options you want.
 2. Find them in the columns below.
 3. Write them down in sequence.
- Or just pick a pre-configured model and all you have to do is specify your color choice.*

<p>1 2</p> <p>Type OF = Open Front Desk</p> <hr/> <p>3/4" Tops XL = UXL Table 3/4" bullet X8 = UXL Table 4mm t-mold</p> <hr/> <p>1-1/4" Tops UL = UXL Table 3/8" bumper U8 = UXL Table 4mm t-mold</p> <hr/> <p>FL = Nest & Fold 3/8" bumper FM = Nest & Fold 4mm t-mold</p>	<p>3 4 5 6</p> <p>Rectangle Desk Top Size</p> <table border="0"> <tr> <td>2472 = 24"d x 72"w</td> <td>3672 = 36"d x 72"w</td> </tr> <tr> <td>2030 = 20"d x 30"w</td> <td>3690 = 36"d x 90"w</td> </tr> <tr> <td>2036 = 20"d x 36"w</td> <td>3030 = 30"d x 30"w</td> </tr> <tr> <td>2048 = 20"d x 48"w</td> <td>4242 = 42"d x 42"w</td> </tr> <tr> <td>2060 = 20"d x 60"w</td> <td>4248 = 42"d x 48"w</td> </tr> <tr> <td>2072 = 20"d x 72"w</td> <td>4260 = 42"d x 60"w</td> </tr> <tr> <td>2090 = 20"d x 90"w</td> <td>4272 = 42"d x 72"w</td> </tr> <tr> <td>2430 = 24"d x 30"w</td> <td>4290 = 42"d x 90"w</td> </tr> <tr> <td>2436 = 24"d x 36"w</td> <td></td> </tr> <tr> <td>2448 = 24"d x 48"w</td> <td></td> </tr> <tr> <td>2460 = 24"d x 60"w</td> <td></td> </tr> </table>	2472 = 24"d x 72"w	3672 = 36"d x 72"w	2030 = 20"d x 30"w	3690 = 36"d x 90"w	2036 = 20"d x 36"w	3030 = 30"d x 30"w	2048 = 20"d x 48"w	4242 = 42"d x 42"w	2060 = 20"d x 60"w	4248 = 42"d x 48"w	2072 = 20"d x 72"w	4260 = 42"d x 60"w	2090 = 20"d x 90"w	4272 = 42"d x 72"w	2430 = 24"d x 30"w	4290 = 42"d x 90"w	2436 = 24"d x 36"w		2448 = 24"d x 48"w		2460 = 24"d x 60"w		<p>7 8 9</p> <p>Laminate Color See Laminate Color Chart Choose 3 Letters</p>	<p>10</p> <p>Edge Color See Edge Color Chart Choose 1 Letter</p>	<p>11 12 13</p> <p>Frame Color PLT = Platinum</p>	<p>14 15</p> <p>Leg Type</p> <table border="0"> <tr> <td>FL = Straight Fixed-height leg w/glide, 29.5"h</td> <td>\$0</td> </tr> <tr> <td>FC = Straight Fixed-height leg w/caster, 29.5"h</td> <td>+\$15</td> </tr> <tr> <td>AL = Push-button Adjustable-height leg w/glide, 27.5-33.5"h</td> <td>+\$140</td> </tr> <tr> <td>AC = Push-button Adjustable-height leg w/caster, 26.5-33.5"h</td> <td>+\$146</td> </tr> <tr> <td>SL = Push-button Adjustable-height leg w/glide, 23.5-29.5"h</td> <td>+\$140</td> </tr> <tr> <td>SC = Push-button Adjustable-height leg w/caster, 23.5-29.5"h</td> <td>+\$146</td> </tr> <tr> <td>TG = Tapered Fixed-height leg w/glide, 29.5"h</td> <td>+\$39</td> </tr> <tr> <td>TL = Tapered Fixed-height leg w/caster, 29.5"h</td> <td>+\$39</td> </tr> </table> <p>*pricing for set of 4 legs</p>	FL = Straight Fixed-height leg w/glide, 29.5"h	\$0	FC = Straight Fixed-height leg w/caster, 29.5"h	+\$15	AL = Push-button Adjustable-height leg w/glide, 27.5-33.5"h	+\$140	AC = Push-button Adjustable-height leg w/caster, 26.5-33.5"h	+\$146	SL = Push-button Adjustable-height leg w/glide, 23.5-29.5"h	+\$140	SC = Push-button Adjustable-height leg w/caster, 23.5-29.5"h	+\$146	TG = Tapered Fixed-height leg w/glide, 29.5"h	+\$39	TL = Tapered Fixed-height leg w/caster, 29.5"h	+\$39

UXL LEG OPTIONS

Fixed-height leg with glide (FL) is standard in the list price.

For the other legs available please add:

1. The following prices to the list price.
2. The 2 digit letter code to the end of the part #.

- Model FL** - Fixed-height leg with glide 29.5" h
- Model AL** - Push-button adjustable-height leg with glide 27.5"- 33.5" h
Add \$140 Add AL
- Model SL** - 23.5"-29.5" h
Add \$140 Add SL
- Model FC** - Fixed-height leg with caster 29.5" h
Add \$15 Add FC
- Model AC** - Push-button adjustable-height leg with caster 26.5"-33.5" h
Add \$146 Add AC
- Model SC** - 23.5"-29.5" h
Add \$146 Add SC
- Model TL** - Tapered fixed-height leg with caster
Add \$39 Add TL
- Model TG** - Tapered fixed-height leg with glide (not shown)
Add \$39 Add TG

All legs come in Platinum (PLT) and are 2" in diameter.

- Pricing for set of 4 legs.
- Crescent Table with FL leg set includes 5 legs. If ordering optional leg set, additional charge will apply for the cost of the extra leg.

Two-Student Silhouette

DESIGNED FOR ACTIVE CLASSROOMS.

- Cantilever leg sets allow the student to stand or sit easily without knocking knees.
- Easy ingress and egress speeds up transitions in an active classroom.

DESIGNED FOR ACTIVE USE.

- The T-Mold edge band, used on Flex Desks and Tables, is stapled every six inches to provide superior fastening power.
- The work surfaces are high-pressure laminate that stand up to heavy use.

MODELS FOR COLLABORATIVE LEARNING OR TRADITIONAL CLASSROOMS.

- Arc™ Desks, available in one- and two-student models can be reconfigured in all the arrangements needed in a collaborative learning classroom.
- Flexline Desks, available in one- and two-student models offer excellent performance in traditional classrooms.
- Silhouette™ Desks offer exceptional ergonomics and stability in traditional classrooms.
- Elemental™ Desks have built-in Bookboxes and offer great value for traditional classrooms.
- Arc, Flexline and Silhouette Desks have a built-in backpack peg to keep classrooms tidy.

DEPENDABILITY.

- Lifetime warranty on the frame and legs, 12-year warranty on table and desktops.

HEALTHY CONSTRUCTION.

- UL Greenguard Gold Certified.

Setting the standard for collaborative learning desks with unbeatable flexibility and ergonomics.

Choose 2.5" or 4" casters.

20" deep Flex Desk Model 01360
Shown in Grey Mesh top with Apple edge and Platinum frame. Shown with optional Flavors Chair, Model 11849 and optional EW Tote Tray, Model 30926.

HARD PLASTIC TOP SINGLE-STUDENT FLEX DESK

It takes less flexing to get in and out of a spacious, stable Flex Student Desk. Its design moves the support away from the corners so the student has more knee room for easier ingress/egress, saving time whenever she/he stands up or sits down. Choose from five hard plastic finishes/ colors, and three standard frame colors. Hard plastic is not on our Quick Ship program.

Shown with optional Steel Bookbox, Model 17190 \$ 61.00

SINGLE-STUDENT FLEX DESK

It takes less flexing to get in and out of a spacious, stable Flex Student Desk. Its design moves the support away from the corners so the student has more knee room for easier ingress/egress, saving time whenever she/he stands up or sits down. Choose from 10 standard laminate colors, 20 standard edge colors and three frame colors.

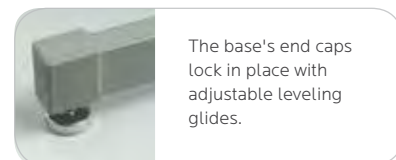

- Patented backpack peg keeps student items organized. Can be positioned inside or outside of either leg. "Y" Leg shape allows easy ingress and egress for students.
- Adjustable desk height, from 24"-32" in 1" increments. Only two (not four) legs to adjust.
- Durable desktop available in 1 1/4" or 3/4" thickness, all with a high-pressure laminate surface.
- Edge moldings resist wear, choices available (see chart).
- Rugged powder coat surface on legs resists wear.
- Lockable endcap/glide combination that resists tampering.

Shown with optional casters, Model 17573 for wheelbarrow-style mobility.

Two-Student Arc Desk, Model 01352
Shown in Grey Nebula top with Red edge and Platinum frame.

Two-Student Arc Desks configured in an eight-student workstation.

TWO-STUDENT ARC FLEX DESK

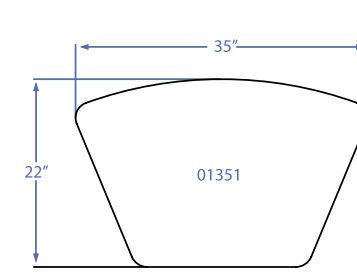

The design of this spacious, stable two-student desk moves the support away from the corners so the students have more knee room for easier ingress/egress. This saves time whenever they stand up or sit down. Its shape enables compact small group circles to form. Choose from 10 standard laminate colors, 20 standard edge colors and three frame colors.

- “Y” Leg shape allows easy ingress and egress for students.
- Desk height adjusts from 24"-32" in 1" increments.
- Only two legs to adjust.
- Durable desktop available in 1 1/4" or 3/4" thickness, all with a high-pressure laminate surface.
- Edge moldings resist wear, choices available (see chart).
- Rugged powder coat surface on legs resists wear.

FLEX STATION

Choose the Flex Station for easy ingress/egress for students, a strong, stable work surface and for its ingenious Wire Manager that keeps cabling stowed neatly out of sight. Features two handy backpack pegs. Choose from 10 standard laminate colors, 20 standard edge colors and two frame colors.

- Durable desktop is 1 1/4" thick with a high-pressure laminate surface.
- Edge moldings resist wear, choose Bumper T-Mold (standard) or 4mm T-Mold.
- For maximum stability, a 14-gauge steel mounting plate is welded to a Y-Leg made of 16-gauge steel tubing.
- Our patented backpack peg is on both the right and left leg, allowing backpacks to be hung under or outside the desk.
- Legs adjust from 24" to 32" high in 1" increments.

UNSHAKABLE FOUNDATION.

What sets Planner Desks and Tables apart is their rock-solid bases.

- Steel legs, one at each corner, welded to two steel cross members at each corner.
- Heavy gauge steel modesty panel bolted to each leg across the front.

UNBEATABLE CONSTRUCTION.

- T-Mold edge bands on Planner Desks and Tables are stapled every six in. to provide superior fastening power.
- The work surfaces are high-pressure laminate that stand up to heavy use.

FOR COLLABORATIVE LEARNING OR TRADITIONAL CLASSROOMS.

- Huddle Desks provide tremendous durability in collaborative learning classrooms.
- Planner Student desks offer the same strengths in traditional classrooms.

OFFERING FLEXIBILITY, FUNCTIONALITY AND MOBILITY.

- Planner Student Desks available in seven sizes and two-student models.
- Huddle Desks available in three sizes.
- Built-in backpack pegs to keep classrooms tidy.
- Steel Bookboxes and caster sets available.

PLANNER ACTIVITY TABLES' VERSATILITY IS A STRENGTH.

- Work surfaces available in Trapezoid, Square, Round, Half-Moon and Contour shapes.
- Trespa™ TopLab™ Plus surfaces available for labs and art rooms
- Modesty Panels available.

TEACHER DESKS OFFER DURABILITY, FLEXIBILITY.

- Available in a wide range of sizes with options of drawer pedestals.

DEPENDABILITY.

- Lifetime warranty on the frame and legs, 12-year warranty on table and desktops.

HEALTHY CONSTRUCTION.

- UL Greenguard Gold Certified.

Maximum strength and stability for a wide variety of applications.

Huddle-6 Student Desk, Model 01265. Shown with optional Steel Bookbox, Model 17015

HUDDLE™ STUDENT DESK

This compact collaborative learning desk offers maximum strength and stability. Its size allows more students to fit in a classroom and its trapezoid desktop enables compact circles to be created for group work. Features handy backpack peg. Choose from 10 standard laminate colors, 20 standard edge band and three leg colors. See size choices, below.

- Patented backpack peg that keeps student items organized, can be positioned inside or outside of either leg.
- Adjustable desk height, from 22"-32" in 1" increments.
- Durable desktop available in 1 1/4" or 3/4" thickness, all with a high-pressure laminate surface.
- Steel front panel adds stability.
- "H" Frame construction adds strength.
- Rugged powder coat surface on legs resists wear.
- Leg sets don't shimmy or rock.

From now on, students will be working together on all of their academic subjects. In some cases, they may work on two or more subjects at the same time. Additionally, more and more students are participating in "distance learning," receiving lectures or instruction via video from teachers located away from the classroom.

These new methods for learning require new resources, created expressly to facilitate their instruction. The wide variety of Smith System meeting tables addresses both traditional and emerging needs (with special attention paid to connectivity) identified for classrooms, labs and commons areas.

MEDIUM ROUND END MEETING TABLE

Three to four students can gather for group work or distance learning. While not shown here, power is available.

LARGE ROUND END MULTI-MEDIA TABLE

Eye contact for those at the table plus great sightlines to an end-mounted flatscreen. Note the optional integrated power supply in the work surface.

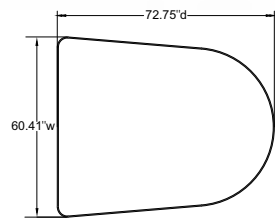

OVAL CAFÉ TABLE

This inviting table encourages student interaction. Both 29" and 42" high bases available.

Round End Multi-Media Table, Model 04138
Shown in Pewter Mesh top with Charcoal edge and Platinum frame. Shown with optional Flavors Chairs in Charcoal and optional TV Mount, Model 17354.

Shown, 2, Flat Surface Power Module
Model 017086 SLV
2 Power, 4 USB Ports

LARGE ROUND END MULTI-MEDIA TABLE

Features lines that flare, providing clear sightlines for individuals viewing the monitor, participating in distance learning or engaged in group discussions or presentations. It comfortably accommodates two along each side and two at the head of the table.

LARGE MONITOR MOUNT

The large monitor table mount allows 32" – 50" monitors or TVs to be easily mounted to a table for use in conferences, displays or presentations. Great for a multimedia table such as our Round End Group Table, 04137, 04138, 04139, 04140. This mount bolts to the table top for a sturdy long lasting presentation aide. Mount is adjustable in height to allow a variety of monitor sizes. Accommodates VESA mounting, 100mm x 100mm to 400mm x 200mm, and 125 lb. max weight. Also comes with a keyed lock for security. Available in Platinum only.

Oval Double Café Table, Model 01544

Shown in Asian Night laminate with Charcoal edge and Platinum frame. Shown with two, 2 power Flat Power Modules and standing height 24" dia. Circular Café Bases.

OVAL DOUBLE CAFÉ TABLE

Its oval shape was borrowed from the tables in coffee shops with the intention of promoting casual, unforced interaction among students in social learning situations. Its height allows students to walk up and immediately join a conversation with students seated on stools. It also offers the option of integrated power and USB connectivity, conveniently located on the work surface. Order it in any of 10 standard laminate colors, 20 edge colors and Black or Platinum frame.

UNIQUE DESIGN INTEGRATES FUNCTIONALITIES.

- Cantilever design moves legs out of the way and allows great ingress and egress.
- Integrated modesty panel with integral cable management system.
- Can be used in the classroom, computer lab, commons, or administrative area.

ADD MORE FUNCTIONALITY WITH OPTIONS.

- Casters add mobility.
- Drawer Pedestal and pull-out Knee Drawer add storage.
- Detachable Planner™ Conference Table converts the desk into a peninsula for small conferences.

UNBEATABLE CONSTRUCTION.

- The T-Mold edge band is stapled every six inches to provide superior fastening power.
- The work surfaces are high-pressure laminate that stand up to heavy use.

DEPENDABILITY.

- Lifetime warranty on the frame and legs, 12-year warranty on table and desktops.

HEALTHY CONSTRUCTION.

- UL Greenguard Gold Certified.

At home throughout the school, featuring great ergonomics and stability.

Shown in Blond Echo top with White edge and Platinum frame. Shown with optional Intuit™ Stack Chair, Model 00561.

Shown in Fusion Maple top with Mint edge and Champagne frame. Shown with optional casters, Model 17554; optional Intuit™ Adjustable Chair, Model 00531; and optional Flat Panel Mount, Model 17351.

ACROBAT SINGLE-STUDENT RECTANGLE DESK

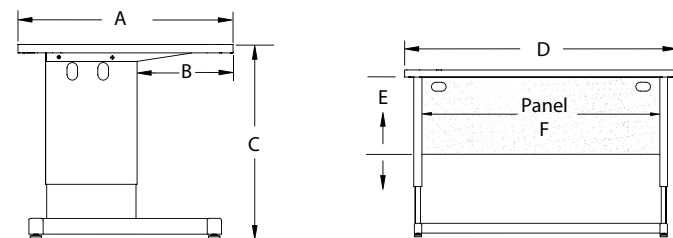

Combining maximum stability, a generous workspace and great ingress/egress, the Acrobat Single-Student Rectangle Desk also offers an integrated modesty panel and wire manager. Choose from 10 standard laminate colors, 20 standard edge colors and three frame colors.

- Cable tray and port holes in the modesty panel keep wires neatly organized.
- Strong 10" deep double-wall legs are 18-gauge steel with radius corners.
- The base is 16-gauge steel, color matched to the legs, featuring lock-in-place end caps and adjustable leveling glides.

ACTIVITY TABLES

Rectangle Table

Round Table

Half Moon Table

Flower Table

Husky Trapezoid Table

Husky Square Table

Husky Clover Table

CHOSEN FOR VERSATILITY.

The old reliable rectangular activity table has morphed into nine distinctive shapes to create more effective learning environments within the classroom.

- Geometric shapes: Rectangle, Square, Round, Trapezoid.
- Anthropomorphic Shapes: Kidney, Half Moon, Horseshoe, Clover and Flower.

APPROPRIATELY SIZED.

Choose the Activity Table in the appropriate height range for the grade level. Standard Activity Tables are available in three height ranges.

- Adjustable from 21- to 30-in. heights.
- Adjustable from 15- to 24-in. heights.
- Adjustable from 11- to 16-in. heights.
- Husky Activity available in two ranges: 21-30"h and 15-24"h.

UNBEATABLE CONSTRUCTION.

- The T-Mold edge band, used on Activity Tables, is stapled every six inches to provide superior fastening power.
- The work surfaces are high-pressure laminate that stand up to heavy use.
- Legs constructed of 18-gauge steel, the uppers protected with durable powder coat, the lowers with durable chrome.

DEPENDABILITY.

- Lifetime warranty on the legs, 12-year warranty on table and desktops.

HEALTHY CONSTRUCTION.

- UL Greenguard Gold Certified.

Iconic styling,
incredible variety
and proven
durability.

ACTIVITY TABLES

This classroom standby is sturdy, stable and has graceful, yet strong legs. Models available to serve all levels of students from pre-K through Adult. Choose from 10 standard laminate colors, 20 standard edge colors and nine leg colors.

- Strong, 18-gauge steel upper leg is 1 1/8" in diameter, protected with a durable powder coat surface.
- Sturdy 1 1/4" desktop with a high-pressure laminate surface above and durable backing sheet below.
- 3/8" thick bumper edge stapled in place every six inches.
- Rugged, 16-gauge steel lower leg is 1" in diameter, chrome plated for protection.

Cascade™ Cubby Storage

Mobile storage that combines accessibility and organization.

SEE PAGE 212

Interchange™ 3-2-1 Desks™

They allow students to work individually, in pairs and in groups up to six.

SEE PAGE 70

Flavors™ Stack Chair

Proportioned to fit students in an active pre-k classroom.

SEE PAGE 22

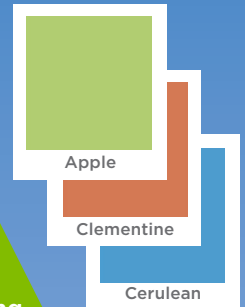

Arc™ Desks

Flexibility and great ergonomics make them an asset in any classroom.

SEE PAGE 108

The love of learning is born here.

For every student, the first days are the most important. Creating the kind of environment that welcomes the student, stimulates learning and facilitates the teacher's lessons is made easy with choices from the Smith System portfolio. Moreover, our early childhood and kindergarten furniture is made to fit kids in the pre-k age group.

Calming colors, like the ones in this classroom, help engage young learners and keep them on task.

1. Flexibility as easy as 1-2-3. One: A single Interchange™ 3-2-1 Desk accommodates two students working together or individually.

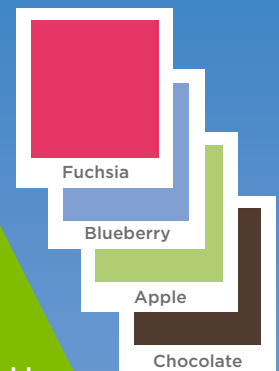

2. Two 3-2-1 Desks allow four students to work in a small group. It's also a great configuration for teachers to work with a small group.

3. Three 3-2-1 Desks create a group of six students, optimally configured for both group learning and group projects.

SEE PAGE 70

A familiar yet flexible environment helps keep active minds active.

Classroom furniture can be a helpful ally to educators faced with keeping energetic young learners engaged and on task. Making the transition from group work to individual study (or vice versa) can be reinforced by changing the seating arrangement. The versatile Interchange 3-2-1 Desks, shown here, excel in this area, as they are easily reconfigured to create both individual and small group learning opportunities.

Add a welcome breath of energy to the early childhood classroom with your choices from Smith System's color palate. We offer 20 different choices of chair shell and edge band colors to energize any classroom.

CASCADE

21st Century Classroom Management & Storage

The 21st Century Classroom Can't Operate at Full Efficiency Without it.

Imagine a classroom where four or five groups of six students are working on projects. The teacher circulates about, providing information, direction, encouragement and reminders to stay on task to the groups. With so much going on at once, the need for classroom management is clear.

To allow the teacher to direct learning for multiple groups all at the same time, learning materials must be organized and made available to students. This allows the students to access resources and use them independently—and frees the teacher to direct and instruct as needed. That's the idea behind Cascade.

ORGANIZING PROJECT LEARNING

The teacher organizes project materials in a tote tray to be assigned to a group. This makes it easy for the group to share the materials without separating (and possibly losing) any.

Watch the Cascade Storage Video:
SMITHSYSTEM.COM/CASCADE-STORAGE

These compact, versatile, mobile storage units are available with either tote trays or shelves and can be fitted with numerous options including locking doors, and a riser shelf. Our Cascade Storage System allows educators to organize, store and distribute learning materials. These mobile storage units are highly customizable to hold items in a wide range of sizes and shapes – from sheets of paper to art supplies.

Cubby Mega Tower

Cubby Mega Cabinet

Cubby Mega Case

CASCADE CUBBY

These versatile storage units feature large cubbies for organizing backpacks of all sizes, with room left over. They offer the additional benefit of mobility thanks to their 4" or 5" dual-wheel casters. Lockable doors are available as an option, as is a Whiteboard on the Cubby Mega Tower.

The Cascade Cubby combines the quality of ready access you get with shelf storage with the organizational advantages you get with tote storage. Whether used for holding student backpacks or for learning materials, they perform well. Cascade Cubbies are the newest addition to our flexible, scalable, comprehensive solutions for organization, storage and distribution of materials within the school.

- All-steel cabinet rolls on dual-wheel casters: 4" casters for Mega-Case; 5" casters for Mega-Tower and Mega-Cabinet

Model 311N00000PG MAPG
Cascade Mega-Case Presentation Cart. Shown in Fuchsia End Panels. Riser Shelf and Lectern shown in Fusion Maple Laminate top color with Fuchsia edge color.

Model 07362 SBEEES
Cascade Mega-Case AV Presentation Cart. Shown in Cerulean Blue End Panel & Door Handle. Riser Shelf shown in Blond Echo Laminate top color with Cerulean edge color.

Shown: (l to r) ventilation ports to help cool electronic devices and projectors, a cord access port and one of two modules containing the external data ports and electrical outlets. There is also one internal electrical outlet, not shown.

CASCADE PRESENTATION CARTS (Mega-Case with Riser & Lectern)

This mobile presentation station demonstrates the versatility and utility of the Cascade concept. It is based on a Cascade Mega-Case fitted with a riser shelf and lectern. It also provides ample space for storing and organizing presentation materials.

- All-steel cabinet rolls on 4" dual-wheel casters.
- 1 1/4" top available in 10 standard laminate colors.
- Choice of Bumper T-Mold (standard **N**) or 4mm T-Mold (replace **N** with **Q** in part number) in 20 standard colors.

The teacher's role has evolved from transmitting knowledge and maintaining order to facilitating learning and managing learning materials. That's why the teacher's equipment has evolved, also.

Developed in anticipation of these 21st Century needs, the Cascade Teacher's Desk makes use of Cascade Totes that can be transferred directly to Cascade Storage Units and properly equipped student desks. This allows the Teacher's desk to be the central hub in managing projects and learning materials.

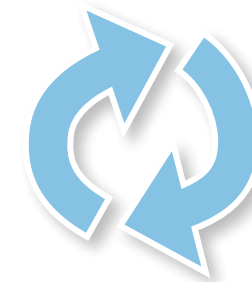

Add Desktop power

TRANSFER FROM CABINET

Totes from the Cascade Wardrobe can be removed and distributed as needed.

TRANSFER TO TEACHER'S DESK

Totes holding materials needed for the day's lesson can be moved to the pedestal.

Model 26151. Shown in Grey Mesh top with Fuchsia edge and Platinum frame.

CASCADE™ TEACHER DESK SINGLE CABINET

The Cascade Teacher Desk offers a stable, mobile and versatile workspace, integrated wire manager and modesty panel and great ingress/egress plus the unique capabilities of Cascade Storage, a scalable solution for organization, storage and distribution of learning materials. Locate the pedestal on the left or right side; its drawers are Cascade Totes. 1 1/4" top with Bumper T-Mold. Choose from 10 standard laminate colors and 20 standard edge colors. Platinum or Black frame.

- Work surface is rugged high-pressure laminate.
- Fully welded 20-gauge steel frame for durability.
- Rolls smoothly on 3" dual-wheel casters.
- Standard width (SW) totes.

Raising and lowering the height of the Lift Desk's work surface is made easy by the highly accessible, smooth-operating crank. The range is from 29" to 45" high.

Shown in lowest height position. New Age Oak top with Cerulean edge and Platinum frame.

Shown in middle height position. Blond Echo top with Cerulean edge and Black frame.

RECTANGLE TOP LIFT DESK

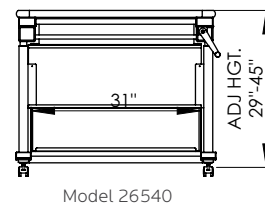

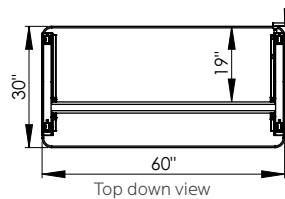

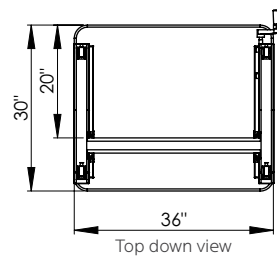

Crank its stable work surface up and the Lift Desk easily accommodates work by a student or teacher in the standing position. Crank it down, and it accommodates work in a sitting position. The crank is easily accessible and its gearing makes lifting and lowering the desktop easy – even if loaded with something as heavy as a computer monitor. Choose from 10 standard laminate colors, 20 standard edge colors and two frame colors. Casters standard.

- Designed to meet ADA specifications for those with special needs or disabilities.
- Crank handle folds out of the way when not in use.

MODEL	DESCRIPTION	D"	W"	H"	F.C.	CUBE	WT.	UPS	2015 LIST
26540	Lift Desk - Rectangle top	30	36	29-45	70	5	80		\$ 799.00
26542	Lift Desk - Rectangle top	30	60	29-45	70	8	114		\$ 899.00

The Lift Teacher Desk allows the teacher to work while standing, sitting in a standard height chair or on a stool. This allows the desk to work as a platform for presentations or as a standard desk. It can be raised up to 45" and lowered to 29" high thanks to its highly accessible, smooth-operating crank.

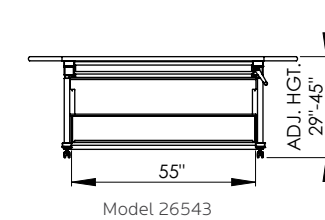

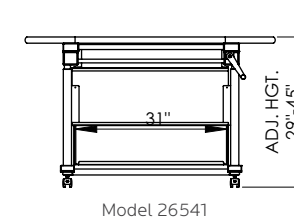

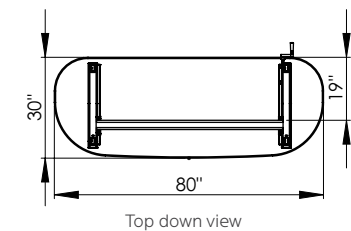

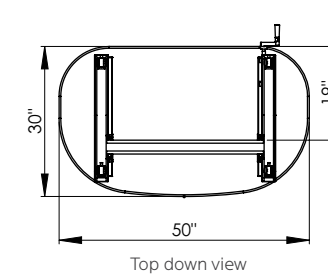

OVAL TOP LIFT DESK

Crank its stable work surface up and the Lift Desk easily accommodates work by a student or teacher in the standing position. Crank it down, and it accommodates work in a sitting position. The crank is easily accessible and its gearing makes lifting and lowering the desktop easy – even if loaded with something as heavy as a computer monitor. Choose from 10 standard laminate colors, 20 standard edge colors and two frame colors. Casters standard.

Lift Desk - Oval top, Model 26541. Shown in Pewter Mesh top with Apple edge and Platinum frame. Shown with optional Intuit Adjustable Stool, Model 00541.

- Designed to meet ADA specifications for those with special needs or disabilities.
- Crank handle folds out of the way when not in use.

LIBRARY COMMONS

A versatile space for learning of all kinds.

What does the library commons have in common with the library? While still a space dedicated to fueling the student's mind and imagination, it's become an active environment where students learn by researching, interacting and creating.

UXL™ Crescent Desk

This versatile shape lends itself to group interactions.

SEE PAGE 236

Acrobat™ Crescent Desk

An imaginative way to cluster students in a workgroup.

SEE PAGE 238

Library Carrel System

Helps students focus in independent study, research or testing.

A cart so versatile, it couldn't be kept in the library.

The 12 large compartments in an Everything Cart enable it to organize and transport much more than books or even media. Whether it's holding maracas and tambourines, dinosaur models or art supplies, it helps teachers, administrators and librarians distribute educational materials more quickly and easily.

EVERYTHING CART™

ADD POWER

This symbol indicates you can add power to select tables.

You will find the "ADD POWER" logo throughout this catalog. It signifies which Smith System tables are compatible with our 2015 power units. 

When ordering, please submit a drawing with your order to indicate the desired positioning of the power unit on the work surface. All power accessories are special order, a custom feature per table and are non-returnable. For more information call 800.328.1061.

Supplying the school's ever increasing need for power.

When schools discovered tablet devices, the floodgates opened and the paperless and bookless era had arrived. Smith System is ready with a wide array of products to supply needed power.

Chat™ Chair and Wedge table with Dome Power Module.

New Power Bar with two Dome Power Modules.

Café Table with Dome Power Module.

Acrobat™ Crescent Desks with I-O Post™.

Interchange Media Table with two Surface Power Modules.

Add power to any room with the I~O Post™ and I~O Tower.™

I~O™ POST

Distribute power and connectivity throughout large areas to computer users with the I~O Post. Network/phone ready, it has eight knockouts that allow the school to create a connection with one cable to the source. It also has eight grounded plugs to provide power. Available in Platinum powder coat, the I~O Post also has room to house a Wi-Fi repeater.

STANDARD LAMINATE OPTIONS

Want to specify a different Laminate?

No problem. If you have 20 or more tops of the same color -60 or -38 there is no upcharge. Have 20 or less? We can quote for you with the Wilsonart code and - finish style. We can specify other laminates, call to inquire and get a quote.

For 2015, all 11 of the above laminates are -60, if you need to match a laminate from previous year please let us know on your order (example Pewter Mesh 4878-38, our new standard is -60).

STANDARD COLOR OPTIONS

[See product page for application and availability.](#)

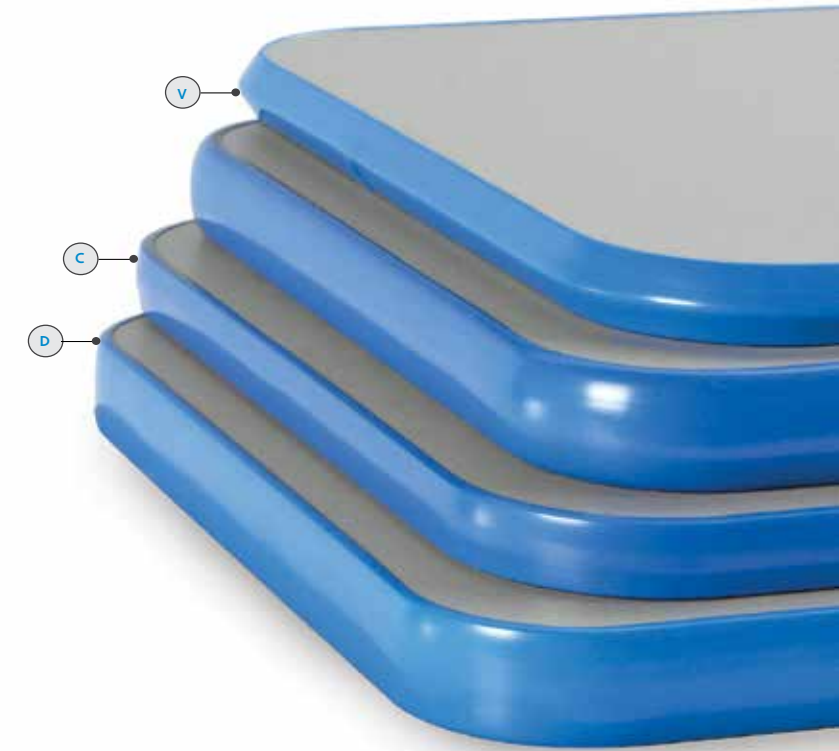

Refer to catalog page for frame color options • Refer to catalog page for chair color options

Standard Top and Edge Options

Available in 3/4" and 1 1/4" thicknesses, Smith System tables and desktops give you the option of lending the tops of the room a light or substantial feel. Similarly, our edge band treatments give the choice of curved, gentle profile of bullet or bumper edges.

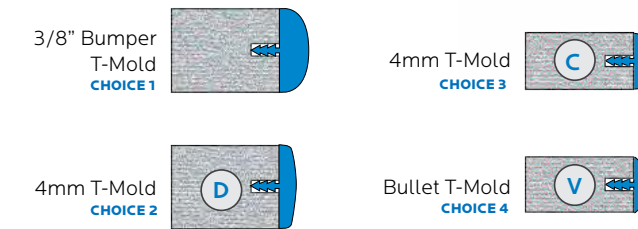

When choosing (D, C, V) of top and edge molding, put the designator at the end of the model number. Example: 04500V = Model 04500 with a 3/4" top and a Bullet T-Mold edge.

Each product is different, consult the specific product page for available options.

Choose from many different edge and top profiles.

1 1/4" TOPS 3/4" TOPS

Consult the specific product page for available options.

Our tables carry a **12 year warranty on tops** and a **lifetime frame warranty.**

Smith System Only uses **High Pressure Laminate** and our edging is stapled into place every **6 - 8 inches.**

There are 11 Quick Ship laminate colors and 20 bumper edge colors. Frame color availability is specified on the catalog page. Quick Ship lead time for 20 tables and 40 chairs is 5 business days, though this may extend during the busy summer season. Please call for specific availability. If the product components are in stock, they will ship as soon as possible. All tops are made to order and not returnable.

Customer Service, Ordering, Terms and Freight

PURCHASE ORDERS

Be sure to include: 1) Quantity, 2) Model Number, 3) Description, 4) Color choice (top, edge, frame color for tables and shell and frame color for chairs), 5) Price for each item, including Quote Number.

Smith System accepts orders via fax: 972-398-4051 or email: smithfax@smithsystem.com

Cancellation or modification of orders must be submitted to Smith System in writing. In some cases a cancellation fee may be charged if raw materials, work in progress or special products are involved.

PRICES

All prices shown are FOB factory; Plano, Texas. Prices are subject to change without notice. Freight charges for shipments are prepaid and added to the invoice.

For delivered pricing or delivered and installed pricing, Smith System produces a price book based on shipping zone.

TERMS

Invoice terms for credit accounts are NET 30 days. Orders are invoiced on day of shipment. New customers and international customers are cash in advance.

Smith System accepts school purchase orders and credit cards. Credit cards are accepted for first order only at standard discount. Smith System accepts Visa, MasterCard or American Express.

QUICK SHIP/SHIPPING LEAD TIMES

All furniture is made to order and part of the Quick Ship program. Quick Ship items are designated in the catalog with  **QuickShip**. There are 11 Quick Ship laminate colors and 20 bumper edge colors. Frame color availability is specified on the catalog page. Quick Ship lead time for 20 tables and 40 chairs is 5 business days, though this may extend during the busy summer season. Please call for specific availability. If the product components are in stock, they will ship as soon as possible. Non-Quick Ship lead time is 6 to 12 weeks, refer to your quote for lead time.

Shipping date is confirmed upon receipt of order. Every attempt will be made to meet that shipping date. However, it is subject to change without prior notification. Smith System reserves the right to discontinue products and change product specifications and prices.

DELIVERY

Shipments are sent prepaid with charges added to the invoice. Product shipping weights are for product only. LTL shipments usually are on pallets. Pallet weights will be added to total weight for LTL shipments. Standard LTL shipments do not include inside delivery. Inside delivery is available. Inside delivery requests

need to be on the order and appropriate freight charges will be added. Some products can ship UPS. For orders that ship UPS, inside delivery is included in freight charges. Smith System will determine the mode, method and carrier which meet the best delivery criteria.

FREIGHT

Do not refuse freight because of damage or shortage. All merchandise is packed to comply with carrier requirements. For your protection all shipments should be carefully inspected by the consignee before acceptance. The delivering carrier should be requested to record on the delivery receipt any damage to goods or cartons at time of delivery. Also, any shortages should be noted on the delivery receipt. If further damage is found after delivery, immediate inspection by the delivering carrier must be requested. The delivering carrier must be notified at once of concealed damage. All cartons and merchandise must be held for inspection. Carrier liability ceases after 15 days.

Smith System will assist customers at all times to obtain claim settlement, but the consignee must take the necessary steps to obtain the proof of loss and damages. If customer selects freight carrier, customer is responsible for any freight damage claims. NOTE: Carriers are not responsible for damage or shortage after the delivery receipt is signed without a damage or shortage notification.

Smith System delivers to all 48 continental states. All orders delivering to other states and international locations will deliver to assigned ports and shipment beyond port will be the responsibility of the customer.

CHARGE BACKS

The tare weights and dimensions listed are estimated; therefore Smith System will not be responsible for freight costs associated with these variances. LTL Shipments go on pallets, weights vary.

RETURNS

All product is made to order, the return of unwanted goods must be notified within 14 days of delivery. Smith System will be unable to accept an item not reported within this time period. No goods will be accepted for return without prior authorization. Agreed returns will be subject to 30% restocking charge, plus any return carrier charges. Any unpacked, used or assembled item will not be considered for return.

WARRANTY

Smith System has a Limited 12 Year Warranty with Lifetime Frame Warranty. For complete details and a copy please contact Customer Service at 1-800-328-1061 or 972-398-4050.
