

flex student desk 20" x 27"

model #: 01362

single-student 20" x 27"

DIMENSIONS + FREIGHT:

MODEL #	D"	W"	H"	F.C.	CUBE	WEIGHT
01362	20"	27"	19" - 31"	70	2.6	41 lbs.
carton	21"	28"	7"			

OVERVIEW:

The Flex single-student desk has an oversized work surface that accommodates laptop computers for project learning environments.

HARD PLASTIC WORKSURFACE:

The **WORK SURFACE** consists of a 5/8" thick solid plastic top that is molded under high pressure from thermosetting melamine resin. The easy-cleaning solid plastic has a smooth surface which resists scratching, gouging and staining and is non-burning. Meets California firecode CAL TB 133. This versatile Silhouette Student Desk allows for a variety of arrangements in the classroom.

The **FRAME** is attached to the pre-drilled holes in the top with (12) #10 x 3/4" screws through a 3"W x 18"L 14-gauge steel mounting plate. The mounting plate is welded to (2) 1" square 16-gauge steel Y-shaped tubes which are welded to a 1 1/4" x 2" 14-gauge vertical leg support. The legs adjust in height from 19" to 31" in 1" increments. The adjustment for each leg is secured with (2) 3 3/4" -16 x .675 allen screws. All open ends on the 16-gauge tubing will be capped with color matched plastic end caps. The bases have a color matched lockable end cap/glide combination that resists tampering. The right and left leg both include Smith System patented backpack peg allowing for either inside or outside positioning. The legs are tied together for added strength with a 1" x 2" 14-gauge steel crossbar that supplies a rigid, long lasting piece of furniture.

model #01362 (20"x27") single-student hard-plastic flex desk shown in Cherry/Black with optional steel bookbox #17190.
