

MODEL #00960 & 00961

Plato Adjustable Chairs

DESIGN:

Plato seating offers the student comfort thanks to its generous seat pan and seatback that provides some flex front-to-back and pronounced lumbar support, encouraging good posture and breathing on the part of the student. It's fresh, yet familiar shape connotes comfort to the student. The Adjustable Plato Chairs adjust from 16" to 21" in height, available in 18 colors and feature a 5-star base that comes in black. Available with glides or casters.

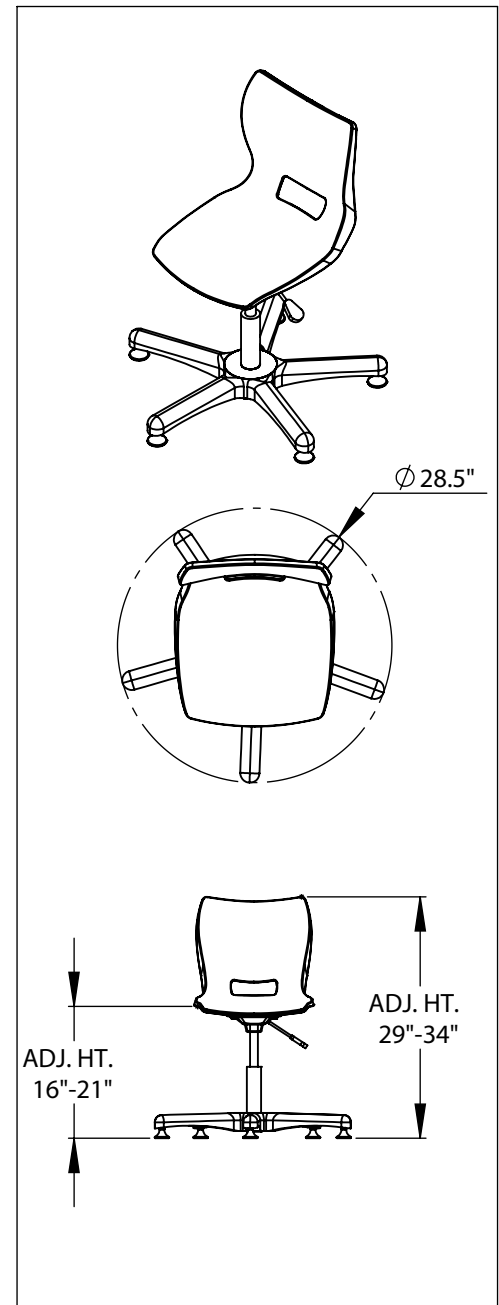

MATERIALS:

The shell is 100% virgin polypropylene material with a shallow seat pan to allow for side-to-side movement. The back has integrated lumbar support for optimum comfort and minimal back pressure. The seat is secured to the frame with an 11-gauge plate mounted by four screws beneath the chair. The plate attaches to a pneumatic lift, which is a hydraulic cylinder that allows a full 360 degrees swivel. It comes with a black nylon base, 28.5" diameter, 5-star design with a choice of glides or 2" soft tread casters.

DIMENSIONS & FREIGHT: *Product is UPSable
