70054 (Qty. 16) SM Screw #10X3/4 HI/LO PTH

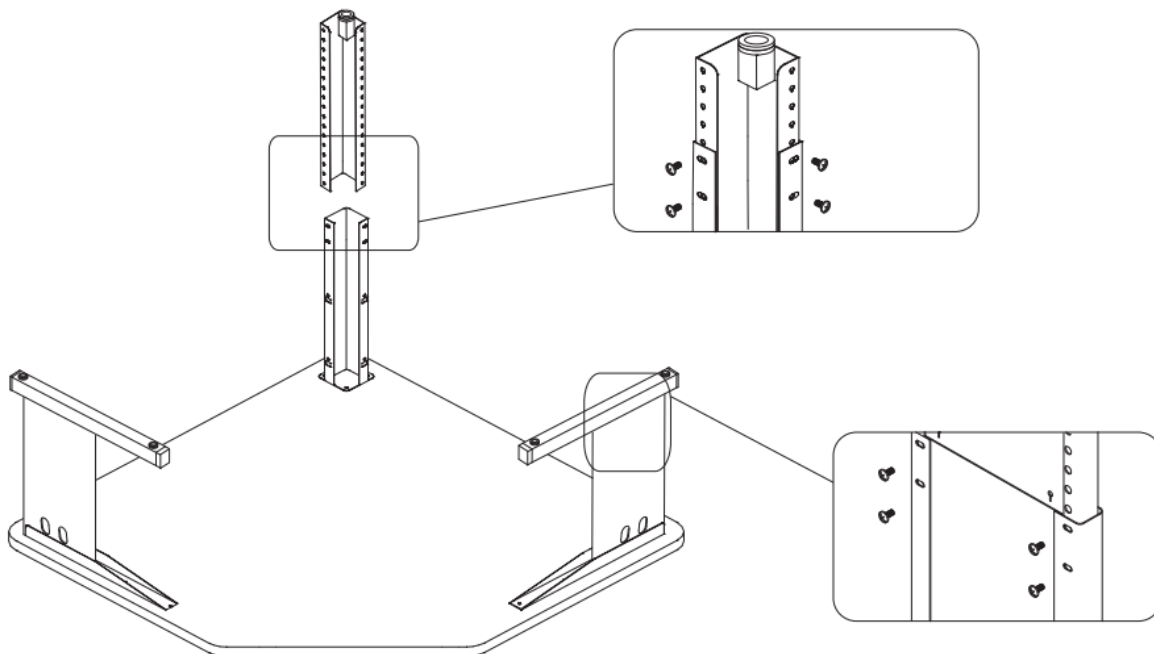

Assembly Instructions

Assembly Instructions

Step 1: Locate all the parts needed for assembly. Place the table top face down on a clean, dry surface. Align the leg sets and the corner leg with the predrilled holes in the top.

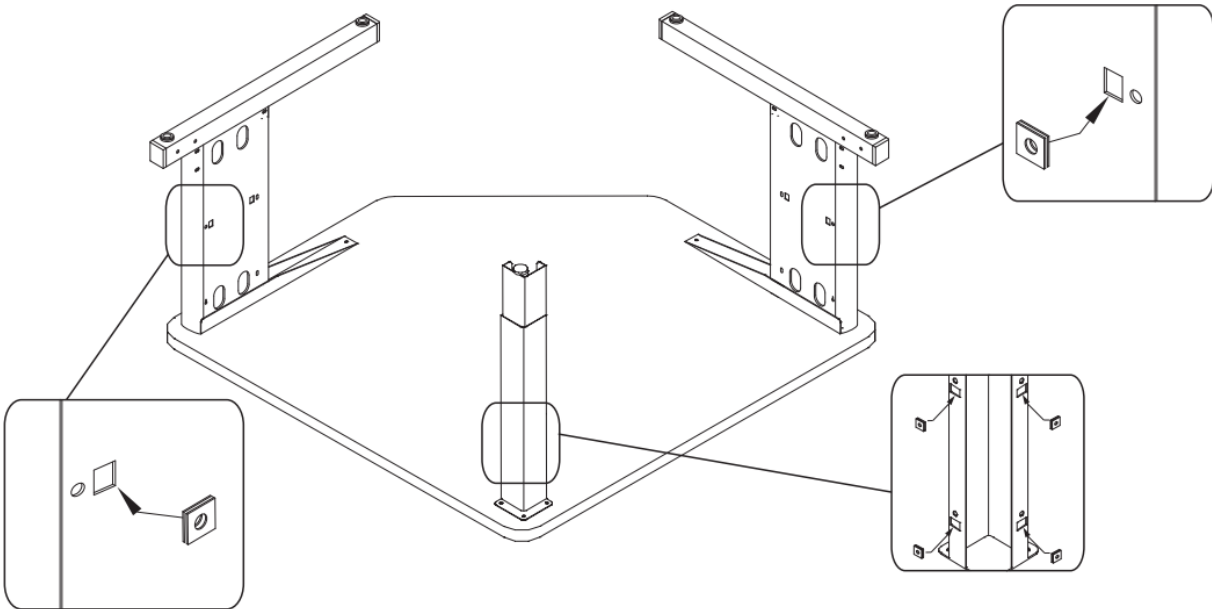

Step 2: Now adjust the corner leg to the desired height using (4) ¼-20X1/2" Machine Screws. Next adjust the side legs using (8) ¼-20X1/2" Machine Screw to desired height.

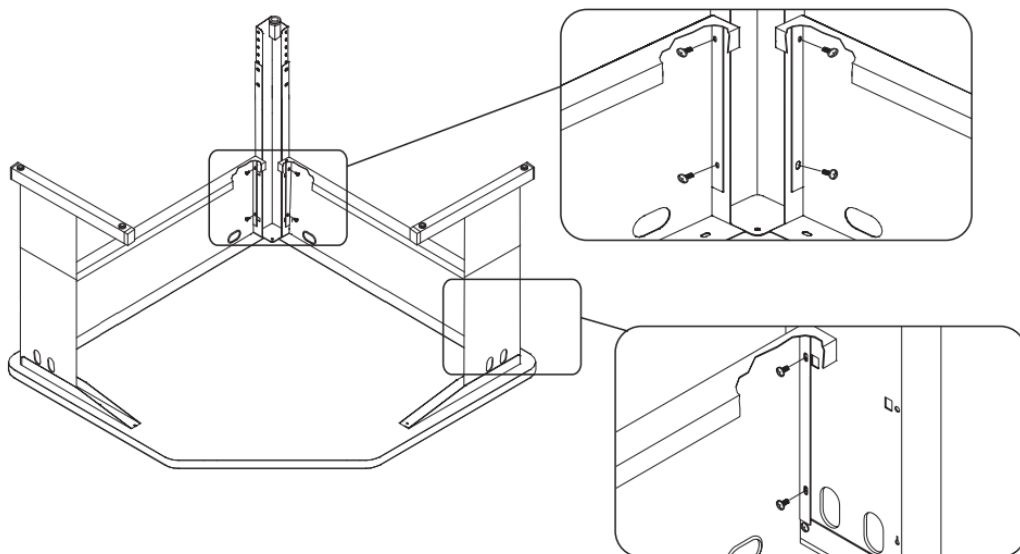

Assembly Instructions

Step 3: Now Install (1) Tinnerman Clip per leg, in the square hole located inside of the leg. Next Install (4) Tinnerman Clips at the top and the bottom of the corner leg.

NOTE: Tinnerman Clips are only used if the desk is raised to a high range, when set to a low range the threaded hole for the lower leg will be used instead of the Tinnerman Clips.

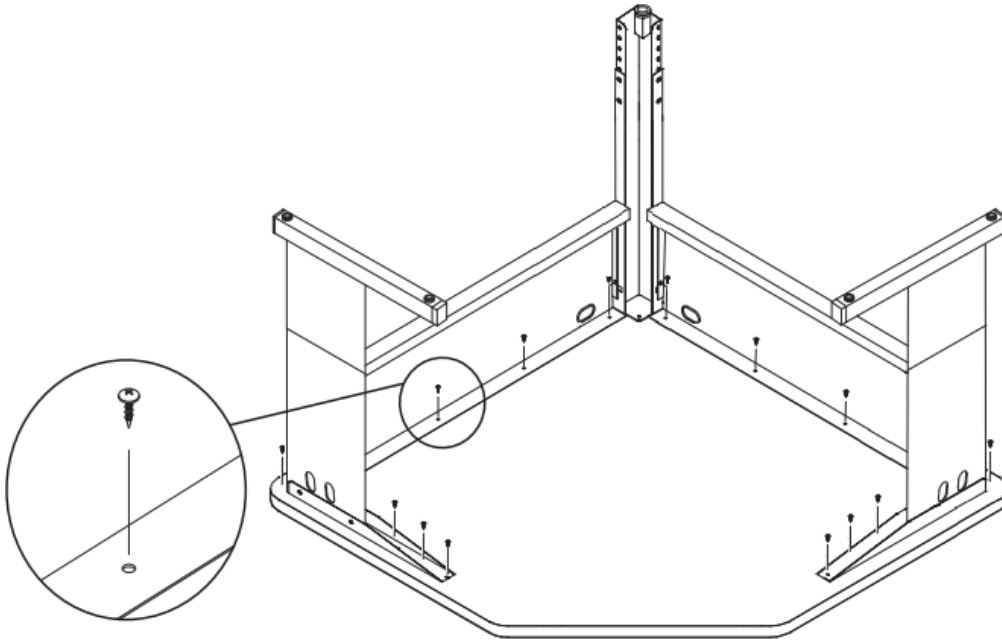

Step 4: Once the legs are secure, loosely attach the modesty panel to the side legs using (4) ¼-20X1/2" Machine Screw. Now use the remaining (4) Machine Screws to loosely attach the modesty panel to the corner leg.

Assembly Instructions

Step 5: Attach the leg sets, the corner leg, and the Modesty panel to the top using the wood screws provided.

Step 6: Go back and tighten all of the screws referenced in step 4. With help, flip the desk into the upright position. Your desk is now ready for use.
