

cascade mega-case cubby

model #: D1100000P_

mega-case cubby

DIMENSIONS + FREIGHT:

MODEL #		D"	W"	H"	F.C.	WEIGHT
D1100000P_	open, 6 cubby	19"	43"	30.4"	100	128 lbs.
D2100000P_	doors, 6 cubby	19"	43"	30.4"	100	147 lbs.

OVERVIEW:

Featuring six compartments and a selection of twenty beautiful finish colors, the Cascade Cubby offers an open-shelf layout with easy access for maximizing storage in any classroom setting. The powder coated all steel construction maximizes durability guarantying many years of service.

MATERIALS:

The **END PANELS** are made of 18-gauge 1" square tubing, welding flush to an 18-gauge end panel. The inside of each end panel is reinforced by 22-gauge hat channels. These hat channels are dual-purpose: added strength and for tote rail shelf mounting. The dome top is 18-gauge formed and welded construction, bolted to each end panel and rear panel with a total of ten machine screw fasteners. The base is a durable 18-gauge steel construction formed and welded to support the entire weight of the unit squarely. Underneath is a heavy welded hat channel for reinforcement. The base shelf is attached to both end panels using four machine screw fasteners. The rear panel is 18-gauge steel reinforced with up to three vertical hat channels. Two grommet holes (a lower and an upper) are punched for convenient wire management and electronic storage. The 18-gauge cubby dividers bolt to the 16-gauge center supports that are bolted to the dome supports and hat channels. Casters are 5" in diameter, with two locking. Optional glides are 3/8" threaded stem.

RISER SHELVES are sized perfectly for each cabinet size. These riser shelves are made of 3/4" high-density particle board with your choice of laminate and bullet t-mold color. The shelf is suspended six inches above the dome top with four riser shelf handles, which measure 1-1/2": diameter and come in platinum powder coat finish (0.03" thickness). These riser shelf handles bolt on from underneath the dome top with four 3" washers.

The **OPTIONAL DOORS** include a secure and reliable locking mechanism, which engages lock rods into the dome top and the base shelf. Doors also come with urethane ergonomic and modern door handles of your color choice. The fully hinged doors articulate 270°, free of obstruction.
