OVERVIEW:

The Flavors Noodle Chair is designed to help the student concentrate and move. It has a patented suspension that allows it to move with - not resist - the student. It provides all the benefits of sitting on a large ball, but with the added advantages of more stability and back support. The Noodle Chair is perfectly suited for fidgety students.

The **SHELL** is 100% virgin polypropylene material with a shallow seat pan allowing four-position seating for infinite seating styles. The shell rests on a patented suspension, allowing the seat pan to tilt slightly in all directions. The back supplies rigid support while being specifically designed with added flexibility that adapts to individual requirements and supplies long lasting comfort.

The **FRAME** is constructed of strong 1" x 18-gauge tubing that is chrome plated for long lasting, durable finish is capped off with our durable nylon base swivel glides (steel and felt also available). The shell is attached to 12-gauge brackets via a metal to metal steel riveted connection and includes an integrated handle molded in for easy pick-up and moving of the chair.

OPTIONS:

Nylon glide is standard.

Felt glide option : Add 'F' to follow Model No.

Steel glide option : Add 'S' to follow Model No.

(set of 4 installed - upcharge for felt or steel glide).
