04114	36"	90"	22" - 34"	70	6.6	160 lbs.

OVERVIEW:

The Interchange Activity Tables have a rejuvenated look with our Interchange Ellipse leg sets. The tables offer a stable work surface for the classroom. Interchange Activity tables match the look and style of Interchange student desks for a uniform look in the classroom.

The **LEG SETS** are made in pairs, made of 16 gauge steel elliptical stems and inserts, 14 gauge cross brace and 12 gauge plates. Frame consists of two fully welded segments. Legs have a full, even and long lasting powdercoat finish. Ends are protected with a textured cap and securely captured leveling glide for fine tuning adjustment on uneven floors. Table height adjusts from 22" - 34" in 1" increments. Adjustment for each leg is secured by two 3/8" set screws.

The **WORK SURFACE** is made of 1 1/4" or 3/4" thick, high density particle board core, double sided with a 0.030" high pressure laminate and bumper edge that is mechanically fastened every 6"-8". Tops are pre-drilled for leg set attachment and ease of installation. Tables and legs are supported by one or more 2" x 3" channels with four breakovers for optimum strength.
