OVERVIEW:

The Plato Chair is a posture demanding chair based on the Euro Spec. The Plato offers a wide seat pan and a lumbar support designed to comply with current anthropometric data for improved ergonomics. Mobility makes ingress/egress easier and allows classroom configurations to change quickly throughout the day.

MATERIALS:

The **SHELL** is 100% virgin polypropylene material with a shallow seat pan allowing side-to-side movement. The back has integrated lumbar support for optimum comfort and minimal back pressure.

The **FRAME** is constructed of strong 1" x 18-gauge tubing that is chrome plated for a long lasting, durable finish and is capped at the ends with our durable casters. The shell is attached to 14-gauge brackets via metal to metal riveted steel connection. Legs are swedged.
