| MODEL #	D"	W"	H"	F.C.	CUBE	WEIGHT
UL72CR	36"	72"	29.5"	70		120 lbs.
carton	41"	75"	3"			

OVERVIEW:
Create a dynamic workspace for groups of up to 6 students with UXL Crescent Tables' unique design. They allow you to maintain a consistent design scheme throughout the building.

MATERIALS:
The 3/4" or 1 1/4" thick **WORK SURFACE** consists of a 45 lb density particle board core with a 0.030" high pressure laminated surface and a 0.020" melamine backer sheet. The edge of the work surface features edge molding that is mechanically fastened to the underside of the work surface every 6 to 8 inches to assure a long lasting fit.

The frame is attached to the pre-drilled holes in the top with #10 x 5/8" screws. The legs then fasten into the frame at each corner. The frame comes fully assembled requiring only two bolts per leg to complete installation. The table frame is a boxed tube design made of aircraft grade aluminum to reduce weight, while being very stable and sturdy. The 16-gauge steel legs are 2" diameter and powder coated for a long lasting durable finish. Legs are available in different configurations, see chart.
