PLATO SEATING

OVERVIEW

The Plato Stack Chair provides roominess for today's growing students through its oversized seat pan. Built to what's called Euro-Spec (short for European Specifications) the seatback offers some flex front-to-back and provides pronounced lumbar support, encouraging good posture and breathing. Its fresh, yet familiar shape connotes comfort to the student. 14", 16" and 18" sizes.

- The shell rests on the frame, not rivets, to add comfort.
- High-density polypropylene shell with color throughout.
- The legs are strong, 18-gauge welded steel with a durable chrome finish.
