24552	30"	60"	22" - 32"	70	3.8	95 lbs.
carton	30.1"	63"	3"			

**OVERVIEW:**

The Planner is a truly stronger student desk. Shipped ready to assemble, these desks have a heavy-duty work surface that won't sag under heavy books or equipment.

The 1 1/4" thick **WORK SURFACE** consists of a 45 lb density particle board core with a .030" high pressure laminated surface and a .020" melamine backer sheet. The edge of the work surface features 3/8" bumper edge molding that is fastened every 6 to 8 inches to assure a long lasting fit. The top has one or two arch shaped cutouts in the rear and is pre-drilled for ease of installation.

The **FRAME** is attached to the pre-drilled holes in the top with (12) #10 x 5/8" screws through a 3 1/8" W x 18" L 14-gauge steel mounting plate. The mounting plate is welded to (2) 1 1/4" square 14-gauge steel tube legs which are welded to a 1" square 14-gauge steel tube cross bar. The leg inserts are 1" square 14-gauge steel tube and adjust in height from 22" to 32" in 1" increments. The adjustment for each leg is secured with (2) 3 3/4"-16 x .675" Allen screws. The right and left leg both include the Smith System patented backpack peg allowing for either inside or outside positioning. Legs have 1" adjusting leveling glides.

**WIRE MANAGEMENT** includes a 3"d x 6"h wire tray mounted to the underside of the work surface with #10 x 3/4" screws. The tray also mounts to each leg using a total of 4 Connector bolts. Wire trays for tables under 60" wide have one grommet hole for wire management, 60" and wider have two grommet holes.
