Leg Set P/N: 79527

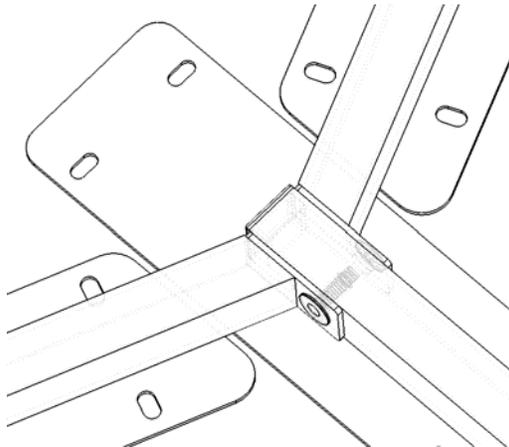

1. Align this Center Support with the pre-drills on the top.

2. Position the other two legs as shown below and align them with the predrills.

3. Secure the three legs together loosely with the connector bolt provided.

4. Fasten the frame assembly to the top using the screws provided. Finally, tighten the connector bolt using the allen key (hex key) provided.
