Silhouette™ Student Desk

Silhouette Sequence Adjustable Height Desk

MODEL#: 01655

Shown with 3" SW tote, model # 30933

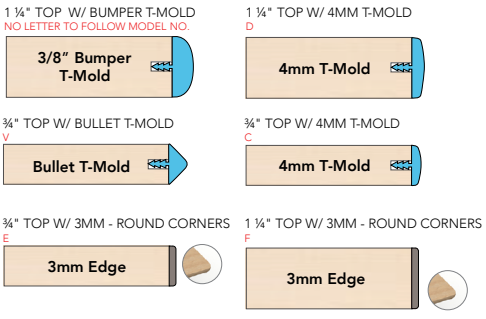

OVERVIEW

Shipped ready to assemble, these desks have a heavy-duty work surface that won't sag under heavy books or equipment. The Silhouette Sequence Desk is great for rows, pairs, or collaborative pods for learning in groups.

MATERIALS

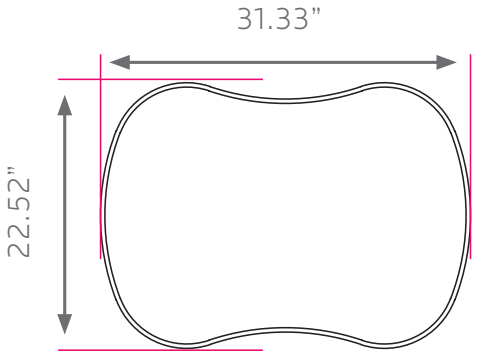

The work surface consists of a 45 lb density particle board core with a .030" high pressure laminated surface and a .020" melamine backer sheet. The edge of the work surface features 3/8" bumper edge molding that is fastened every 6 to 8 inches to assure a long lasting fit. The frame is attached to the pre-drilled holes in the top with (6) #10 screws through a 1" x 1.75" 18-gauge steel channel. The mounting channel is welded to a 1" x 2" rectangular 16-gauge steel tube leg. The leg inserts are 1" x 1.75" 16-gauge steel tube and are adjustable in height from 19" to 31". Model 01655 comes standard with a lockable endcap/glide combination. The legs are tied together for added strength with a 1" x 2" 16-gauge steel tube stretcher bar and (4) bolts.
