

OVERVIEW

Smith System Booktrucks are a handy companion to the library or classroom, carrying up to 600 lb of books, paper and projects. Fixed middle casters make it easy for the truck to pivot on an axis which makes it great for getting over thresholds. Comes standard with dual wheel casters, 5", that won't shimmy like single wheel casters.

MATERIALS

Smith System Booktruck #21101 consists of (2) Frames, (2) End Panels, and (6) Sloping Shelf Weldments. The End Panels consist of 20-gauge steel full height panels welded to 1" square 18-gauge steel tubing Frame with formed in handles that radius for added comfort and ease of movement. The Shelves are constructed of 20-gauge steel that is 34" long x 17 9/16" deep x 1" high edge. The shelves sport a 12 3/4" clearance between shelves and are welded to the frames and end panels of the Booktruck. Gorilla Booktrucks feature 5" diameter dual wheel casters with soft tread, which also includes a six-wheel construction for easy maneuverability. Dual wheels have no saddle that may damage surrounding furniture.
