

INTERCHANGE CRESCENT

ASSEMBLY INSTRUCTIONS

Special Notes:

1. Check that all components are accounted for and undamaged before assembling.
2. Please assemble product in a clean, dry area.
3. For larger units, you may need assistance from another individual to assemble the unit.
4. Clean the product with a mild cleaner and a damp cloth.

Crescent 72" # 04156

STEP 1: Place the top on a clean, dry surface laminate side down, so that the predrill holes face up.

STEP 2: Loosely attach the channel brackets (#77513) and support channel (#77536/77508) assembly using the (4) connector nuts from hardware pack that came with the leg set.

See figure 1A

tip stagger screws during assembly; i.e. fasten one screw into one of the legs, then another screw on the other leg. Continue to stagger until all screws are used.

STEP 3: Align the slots of the leg assemblies to the pre-drilled holes of the top - using the 3/4" wood screws that came with the leg set, attach the leg assembly to the top.

STEP 4: Tighten the connector bolts and nuts to the leg sets using the two Allen Keys provided.

Crescent 72" # 04156

STEP 6: Adjust the leg height as desired by loosening the set screw in each leg (using the Allen Key provided). Move leg to desired height - and be sure to locate the appropriate hole in the leg.

**DO NOT USE A POWER TOOL FOR LEG ADJUSTMENT!
HAND TIGHTEN WITH ALLEN KEY ONLY!**

STEP 7: Use the help of at least one other individual to turn the table over and into it's upright position.
