

*Mouse and Keyboard not included

OVERVIEW

This adjustable keyboard shelf mounts beneath the work surface and provides easy access to your keyboard, while freeing up space for other supplies on the desk top. The tray features 6" of height adjustment, spring assisted.

MATERIALS

The keyboard tray is molded plastic that features spring assisted height adjustment that allow the tray smooth movement in and out from under the table top. The Keyboard can be tilted at a range of +/- 10°. The Tray also provides 180 degrees rear swivel. 2.25" end of rear of track to rear of keyboard tray. A single knob sets both height and tilt of the tray. For extended comfort, the tray is equipped with a padded palm rest.
