

cafe double base tables

MODEL #: 01520-01555

OVERVIEW

Designed to accommodate four to six people, these tables with sleek, contemporary looks can be used for small group work, distance learning or administrative areas. They also offer the option of integrated power and USB connectivity.

TOP MATERIALS

The 1 1/4" thick WORK SURFACE consists of a 45 lb density particle board core with a 0.030" high pressure laminated surface and a 0.020" melamine backer sheet. The edge of the tabletop features your choice of a bumper t-mold or 4mm t-mold, which is then fastened to the underside of the work surface every 6 to 8 inches to assure a long lasting fit.

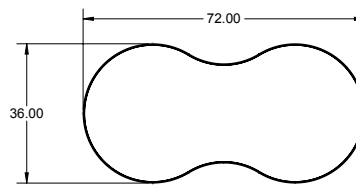

COLUMN & BASE

The Café series column is constructed of 18-gauge steel with a durable powder coat paint finish. The column is available in five heights for adaptable to many different environment types; 16" coffee table height, 29" sitting height, 36" k-8 standing height, 40" working height and 42" standing height.

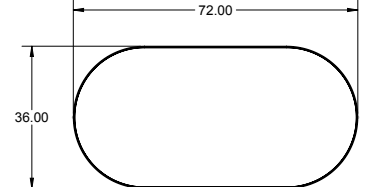

The base comes in two styles; circular or criss-cross. Double base meeting tables use two 24" diameter bases of your choice (circular or criss-cross style).

OPTIONAL POWER MODULES

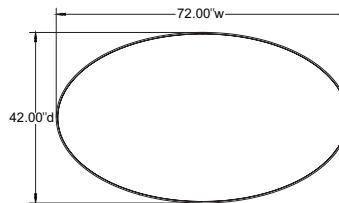

The optional power modules create the perfect workstation for students to power their devices. The power modules features water-proof simplex outlets and can be mounted parallel to any work surface. The units are UL listed with a standard 10 ft. 15 Amp power cord. The USB-A charging ports share a total of 1000 mA per pair, which allows charging of cell phones, tablets, e-readers, audio players and other devices that can be charged by USB. The power module is installed in a 3" diameter cutout in the work surface.

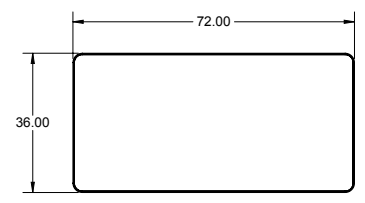

Model 01520
36"d x 72"w Peanut top only.

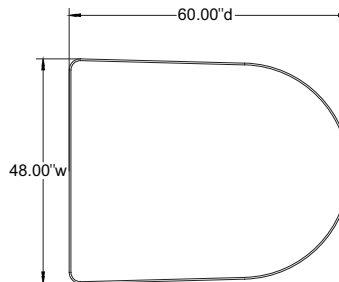

Model 01522
36"d x 72"w Racetrack top only.

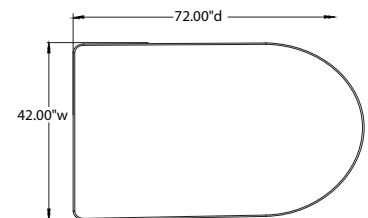

Model 01527
42"d x 72"w Oval top only.

Model 01524
36"d x 72"w Rectangle top only.

Model 01531
48"d x 60"w Multimedia top only.

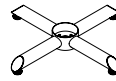

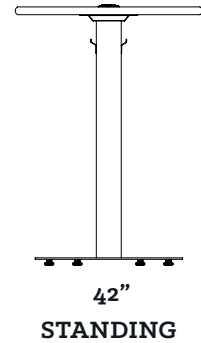

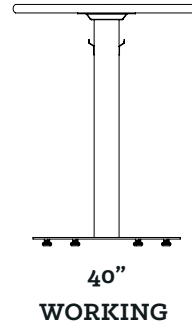

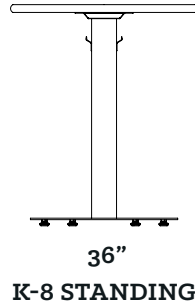

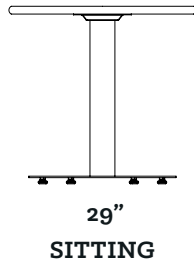

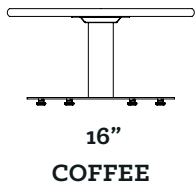

Model 01555
42"d x 72"w Multimedia top only.
