

Model # Shown: 56011E

**OVERVIEW**

The Flowform Offset Triangle Table features rounded corners in a offset triangle shape. Pair with our Flowform Soft Seating and Storage to create individual zones for student engagement and learning.

**MATERIALS**

The 3/4" thick worksurface consists of a 45 lb density particle board core with a .030" high pressure laminated surface and a .020" melamine backer sheet. Rounded edges blend and form into our Flowform storage units for a cohesive space.

The frame consists of a welded box frame, secured to the underside for added structural rigidity. The legs are bolted to the underside of the table top as well as the box frame. Legs are angled triangle tubing that adjust from 26" - 40" height in 1" increments.

**WEIGHT CAPACITY: 400 lbs**
