

Flowform™ Mobile Storage

straight unit with totes

MODEL #: 57ABAB27000_ _ _ _ _

OVERVIEW

Flowform Mobile Storage offers a new approach to organization in the classroom. The units are equipped with either totes or shelves and can be adjusted and configured in a variety of ways.

MATERIALS

The END PANELS are a 16-gauge steel interior shell, wrapped in a cushioned vinyl exterior. The tubular steel sub-frame is constructed of 14-gauge steel, which supplies the unit solid construction. The end panels are capped off with a plastic handle that is color matched to the vinyl of your choosing.

The unit's horizontal top SURFACE is a 1.25" thick while the vertical surfaces are 0.75" thick -- both consisting of a 45 lb density particle board core with a .030" high pressure laminated surface and a .020" melamine backer sheet. The edge of the work surface features an ABS plastic 3mm flat self edge which matches the work surface laminate.

WHITEBOARD BACK AVAILABLE!

57BBAA00000 comes with Whiteboard Back Panel.
57BAAA00000 comes without a Back Panel.

The optional magnetic whiteboard back panel is not needed to increase rigidity. When no back panel is installed, the unit has a pass through design for access from both sides.
