

Flowform™ Mobile Storage

curved unit with shelves

MODEL #: 57BBAA00000_ _ _ _ _

OVERVIEW

Flowform Mobile Storage offers a new approach to organization in the classroom. The units are equipped with either totes or shelves and can be adjusted and configured in a variety of ways.

MATERIALS

The END PANELS are a 16-gauge steel interior shell, wrapped in a cushioned vinyl exterior. The tubular steel sub-frame is constructed of 14-gauge steel, which supplies the unit solid construction. The end panels are capped off with a plastic handle that is color matched to the vinyl of your choosing.

The unit's horizontal top SURFACE is a 1.25" thick while the vertical surfaces are 0.75" thick -- both consisting of a 45 lb density particle board core with a .030" high pressure laminated surface and a .020" melamine backer sheet. The edge of the work surface features an ABS plastic 3mm flat self edge which matches the work surface laminate.

Shelves are adjustable in 1.25" increments.
