OVERVIEW

Designed to promote creativity and facilitate teamwork, Serif is a slim CeramicSteel panel with standoff mounts in a satin chrome finish. Precision cut edges are sealed with a durable lacquer, while rounded corners provide a modern, premium look. Can be mounted horizontally and vertically.

MATERIALS

The EDGES are sealed with a durable lacquer to match the surface color. The panel core material is 6 mm medium-density fibreboard.

The FRAME is constructed from galvanized steel and the face is made with a hygienic CeramicSteel writing surface. Hygienic CeramicSteel surface incorporates an additive of silver micro particles formulated to create a bacteria resistant, clean surface within 24 hours for the life of the product.
