flow vertical modular whiteboard panels

MODEL #: 28030-28035WCS/PLT

OVERVIEW

Flow a3 CeramicSteel Vertical Modular Whiteboard is a large format writing board system that allows you to leverage vertical space. A series of vertically oriented, full-height writing panels come frameless.

MATERIALS

The EDGES are sealed with a durable lacquer to match the surface color. The panel core material is 12 mm medium-density fibreboard.

The FRAME is constructed with aluminum and the face is made with a CeramicSteel writing surface.

SURFACE PROPERTY	VALUE
STEEL THICKNESS	0.35 ± 0.03
MOHS HARDNESS	Min. 5
SCRATCH RESISTANCE	Min. 7
COATING ADHESION	Min. Class 3
GLOSS MARKER SURFACE	65-80
GLOSS CHALK SURFACE	3.5-9.5
WRITABILITY AND ERASABILITY	≤ 0.5
IMPACT RESISTANCE	No damage over 2 mm after 24h

COLOR:

WHITE
6100 U

DIMENSIONS

Model	Description	D"	W"	H"	WT
28030WCS/PLT	Flow 72" a3 CeramicSteel Vertical Modular Whiteboard Panel A	.51	47	72	61.7
