Flowform® Learn Lounge

Flowform Learn Lounge Screen

MODEL#: 55012

OVERVIEW

The Flowform Learn Lounge Screen offers privacy and personal space in any classroom environment. Pair with our Flowform Learn Lounge Soft Seating and Tables to create individual zones for student engagement and learning.

MATERIALS

The panel is made out of PET material, also referred to as PET Felt. The feet are made of steel and have a felt pad adhered on the bottom of each foot. The bottom of the foot is 1/4" thick steel and the uprights on each foot are made of 1/8" steel. The feet are installed with matching 1/4"-20 shoulder bolts and barrel nuts.
