

OVERVIEW

Numbers chair is a winning answer for creating inspirational classrooms around the world. The chair delivers impressive benefits that add up for students and schools – great value, quality and comfort in a compact, sleek design. This chair answers the need for value-driven, high quality classroom solutions with international design appeal. Numbers' product specifications comply with BIFMA, EN, & GB standards for durability, performance and sizing.

MATERIALS

The blow molded shell is polypropylene material that features a waterfall front seat pan to allow for comfort and 360-degree movement. The shell's top surface includes a subtle woven pattern that allows for better airflow. Also, featured are two handles: 1) low, through hole to easily move, or clean the chair and 2) a curled seatback ledge to grip and lift. The taller continuous seatback adds upper back support, with a rounded top edge that can double as an armrest.

The seat is secured to the frame with an 11-gauge plate mounted by 4 screws beneath the chair. The plate attaches to a pneumatic lift, which is a hydraulic cylinder that allows a full 360 degrees swivel. It comes with black nylon base with a 5-star design, for the caster version see model 22840.

WEIGHT CAPACITY: 275
