

OVERVIEW

With a sleek, modern design that integrates seamlessly with existing classroom furniture, the ADA Hard Plastic Student Desk supports inclusivity, functionality, and long-lasting performance in any educational setting.

MATERIALS

An 11 gauge steel stiffener is mounted under each top. Legs are constructed of 14-gauge steel with a durable powdercoat paint finish. The legs are reinforced with a gusseted "spade shaped" mounting plate. Comes standard with nylon base leveling glides.

ADA COMPLIANT at 29.5"H and up.

*Adding totes raises ADA compliance height to 32.5"H.
