

Smith System®

Buyer's Guide to Custom Material Program

Zone 2 October 2025 List Pricing

SC State Contract #4400022644

Smith System®

Custom Materials Program (CMP)

Design without limits. Customize your Flowform Upholstered furniture with expanded material options.

Smith System's Custom Materials Program (CMP) gives designers and educators the freedom to personalize classroom furniture with a wide variety of vinyl options, from a variety of collections. This program expands creative possibilities while maintaining the quality, durability, and performance you expect from Smith System.

Vinyl Options & Grading

- CMP offers an ever-growing selection of approved vinyl materials.
- Each vinyl is assigned a grade from 1 to 10, based on cost and material specifications.
- The Vinyl Buying Guide provides detailed pricing for each Flowform item across all grades.
- A **Minimum Order Quantity of five pieces** in the same CMP vinyl pattern and color is required.

Two-Color Specifications

- Most Flowform pieces can be specified in two colors to create dynamic, custom designs.
- When selecting two materials, use the list price of the higher graded material for accurate pricing.

CMP Spec Forms

To ensure accuracy in orders:

- Complete the CMP Spec Form for all custom fabrics or two-color designs.
- A separate form must be filled out for each Flowform piece included in your order.

Stay Updated

The list of approved vinyl options is regularly updated, giving you more choices for creative expression in your classroom or learning space.

For the latest vinyl selections, please refer to the [Smith System CMP resources page](#) or contact your Smith System representative.

- * All purchase orders for material other than one color solid Designtex Alphabet pieces must be accompanied by a completed CMP Spec Form. **Minimum Order Quantity of 5 pieces in the same pattern color.**
- * For contrasting fabric (Two-tone) applications, use the list price of the Highest graded material.
- * Two-tone fabric orientation is shown by green/grey models.
