Core Capabilities

Classroom Furniture – desks, tables, and seating for every grade level

Library & Commons – mobile shelving, lounge seating, and
collaborative layouts

Makerspaces & STEM Labs – robust tables and storage for hands-on
learning

Career & Technical Education (CTE) – durable surfaces and stools for
active projects

Early Childhood – safe, flexible furniture for young learners

Higher Education – solutions designed for multipurpose and
collaborative spaces

Differentiators

Design-Forward Solutions – modern, flexible furniture that adapts to
evolving learning spaces (K–12 through higher ed).

Durability & Quality – built to withstand the demands of active
learning environments, with robust warranties.

Legacy of Innovation – over 100 years of expertise in education
furniture, continuously evolving with teaching and learning trends.

Comprehensive Product Line – furniture solutions for classrooms,
commons, makerspaces, STEM labs, libraries, CTE, early childhood,
and higher education.

Sustainability Commitment – eco-conscious materials, recyclable
components, and long lifecycle designs.

QuickShip Program – wide range of products available with fast lead
times to meet urgent school needs.

4-2-1 Program – notifications 4 weeks, 2 weeks and 1 week prior to an
order shipping.

Past Performance

Smith System furniture is trusted by districts nationwide, from small
rural schools to large urban systems. Our solutions are used throughout
all learning spaces.
